ROGERS APPLAUDS HOOVER STAND ON SILENCING SENATE

(Special To The News)

NEW YORK, Oct. 24.—Hoover dug up a whole new subject Monday night and made the best speech of his campaign. It was about keeping congress and the senate from having anything to do with the nation's business.

If he had gone a step further and come out for their entire abolishment, I believe he would have been elected unanimously on the spot.

Smith is always saying," If I get in, I will appoint a commission to look into so and so."

That's what fills poorhouses, is people that have waited for some government committee to act.

Outside of traffic, there is nothing that has held this country back as much as committees.

Yours, WILL.

PA NEWC OBSERVES

Announcement that the property of the Standard Brewing Company plant on Sampson street has been sold to the New Castle Lumber and Construction Company and the buildings and site are to be used for manufacturing purposes is a welcome one. The buildings which were owned by the Brewing Company are exceptionally good, and will make a fine home for the new industry.

New Castle is getting ready for the two day whirlwind campaign to raise $80,000 for the Community Chest next Tuesday and Wednesday. It is hoped that by city wide co-operation the fund will be raised in the two days time. Do your share to aid in this drive.

Pa Newc notes that in New York state, especial measures have been taken to cope with the exceptional registration, and orders have been issued to keep the polls open until the voters in line have voted, even if the closing hour of 6 o'clock has arrived. Whether such a rule is possible in Pennsylvania is not yet known but it is certain that no one should be deprived of a vote, who is entitled to it.

In The News tonight the sheriff's election proclamation is being presented. Here is a chance to look over the fourteen proposed amendments as they will appear on the ballot and become familiar with them. Every voter should study these amendments before reaching the voting booth on November 6, so that he will not consume time in the voting booth studying out his decision on the amendments.

Start of operations on the construction of the new North street bridge bring back memories of years ago, to residents in the district. When the present concrete span was erected at East Washington street, the steel bridge was torn down, was transported in pieces to the creek bank on Croton avenue, with the idea of re-erecting it at North street. But the plan never went through. After several years, the remainder of the steel was sold. Considerable of it had been carried off in the meantime, presumably by persons who sold it.

Pride of days gone by, monument to the era of the horse carriage days, epitaph o'er the grave of a once famous chariot. Yes. Pa Newc observed an old surrey going through town. The kind that used to haul the entire household to church on Sundays and to the circus once each summer. Ah, it was a sacred carriage and it is no more.

Out on the new concrete stretch of road that connects New Castle proper with East New Castle everything is in the bag, as some are wont to say. The road is much wider, traveling is easier and safer and the street car tracks have been cast to the side of the highway and will not interfere with the traffic.

Pa Newc observes: Girls masquerading on the streets dressed as gypsies and whatnots; man buying six false faces, probably for that many little faces back home; more stores decorating their windows with tidbits; that people are keeping off the

Girl Friend On Mars Fails To Communicate With London Scientist

London Professor, Psychic Devotee, Conducts Unique Test, But Fails

"Lady Friend" On Mars Planet Promised Him Message On Recent Alleged Visit

(International News Service)

LONDON, Oct. 24.—Professor Mansfield Robinson, psychic devotee, made an attemput to get in touch with "Oomaruru," his Martian lady friend, today, and failed.

Women, it appears, are the same the universe over. Just plain fickle. Robinson claims to have made an ethereal journey to Mars, his etheric body covering the 35,000,000 odd miles in four minutes. Enroute he made the acquaintance of "Oomaruru." Before coming back to earth he made her promise she would answer the message he sent today so that hard-boiled scientists on this earth wouldn't accuse him of still being up in the clouds.

Message Is Sent.

Robinson had filed and paid for a message duly addressed to "Oomaruru" with the British Post-Office. At 2:15 a. m., today the government wireless station transmitted the message on an 18,000 metre wave length. Then the government operator listened for an answer. Robinson had guaranteed payment on any forthcoming answers and the British post office always tends to business. So an operator listened and listened, but nothing happened, so he finally stopped.

Meanwhile Robinson listened on a high-powered set in the laboratory of Professor A. M. Low, a famous scientist. Robinson claims to have "picked up certain messages, but it is not possible to determine their nature until they have been decoded. He admitted, however, that the test was unsatisfactory, but claimed it was all the post office's fault because the message was sent at 2:15 a. m. instead of four a. m., "which is the best time for Martians".

"I sat and listened with Dr. Robinson from two a. m. until five a. m., and as I expected, nothing happened," said Professor Low.

"We heard a few faint noises which might have been caused by varying the wave length. There certainly was no reason to believe they emanated from Mars.

"I wouldn't call the experiment foolish. It was worth trying out. It's quite possible there are people of Mars. However, they are probably a good deal different from earthly humans and we have no idea what sort of signals they would send. It is possible that they have no physical bod-

Election Problem Is Not Discussed By Commissioners

County commissioners did not have time during their visit at Harrisburg yesterday to take up the matter of crowded election precincts with state officials. It is probable that if they had taken it up, nothing further could have been suggested than what the commissioners already propose to do. That is, provide plenty of booths, urge voters to study the amendments and the ballots and get out early to vote. After the election it is probable that the re-districting of some sections of the city and of Ellwood City will be done.

ALBANY, N. Y., Oct. 24—Governor Al Smith set out today on his supreme effort of the 1928 campaign — the winning of the East, with Boston as the starting point.

Without the electoral votes of the populous, industrial and wet states that front the Atlantic seaboard the Democratic nominee can hardly hope to win the presidency on the 6th of next November. With them anything is possible.

It is possible for Governor Smith to win without the West, mathematically it is possible for him to win without the border states where he

Zeppelin And Los Angeles May Take To Air Simultaneously Thursday

(International News Service)

LAKEHURST, N. J., Oct. 24.—Captain Hugo Eckener, commander of the Graf Zeppelin, and Lieutenant Commander Charles E. Rosendahl of the Los Angeles were back at the Naval Air Station here today to superintend the departure of the two dirigibles.

Both officers went promptly to bed upon arriving here last night from Chicago by rail without divulging the exact time set for the start of the two airships. It was announced, however, by Lieut. Commander H. V. Wiley of the Los Angeles that the U. S. Navy dirigible would start her two-day training flight tomorrow morning at dawn. The Graf Zeppelin is expected to start at about the same time on its midwestern tour.

Senator Norris Speaks Saturday In Aid Of Smith

(International News Service)

NEW YORK, Oct. 24.—Democratic national headquarters today announced that Senator George W. Norris of Nebraska, a leader of the Republican-insurgent bloc, would speak at Omaha Saturday night in behalf of the presidential candidacy of Governor Alfred E. Smith.

A nation-wide radio hook-up has been arranged by the Democratic committee for Senator Norris' address, which Chairman John J. Raskob and his advisers hope will have an important effect in the agricultural sections, in which Norris commands his greatest following.

(International News Service)

TUCSON, Ariz., Oct. 24.—Four youths are dead here today following an air crash when a Ryan brougham monoplane plunged against the side of a mountain while in full flight.

The Dead:

George Peck, pilot; L. Whitman, Clifford W. Nelson and Bruce McIntyre.

The crash occurred when the plane, soaring over the Catalina mountains in search of a youth reported lost there, hit an air pocket.

The ship caught fire after crashing and was demolished. Its occupants were burned to death.

Pilot and passengers of the plane were residents of Tucson. Peck and McIntyre were students at the University of Arizona.

COMMITTEES FOR AFFAIR ANNOUNCED

Expect To Complete Final Plans For Great Mummers March This Week

Details of the organization for the mummers parade and Hallowe'en celebration which will take place in New Castle the night of October 31 were outlined Tuesday evening at the meeting of the Hallowe'en committee at the American Legion home on North Jefferson street.

Men who will be in charge of the various phases of the parade which the entire city will participate in were named by the chief committee of which Ivor Davis is chairman.

Indications are that it will be the greatest parade and Hallowe'en celebration that has ever taken place in the city. Men have been assigned to take charge of the music, marshaling, prizes, judging and all other slants concerning the parade and the entire

Hoover Prepares For Swing Across Country To Vote

Republican Party Candidate Will Stop Off At St. Louis To Speak

CONFIDENT G. O. P. WILL BE WINNER

Hoover To Make Final Address On Night Before Election Day

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Oct. 24.—Having wound up his eastern campaign for the Presidency, Herbert Hoover today studied the national reaction to his New York address and planned the itinerary of his transcontinental trip to the coast on the eve of the election.

To Speak in St. Louis

The Republican nominee's next and semi-final effort will be a speech in St. Louis about November 2, which will constitute his final appeal to the Mid-West. In that address the candidate will make a particular bid for the German vote in St. Louis in the hope of swinging Missouri, a doubtful state, into the Republican column. He also will take the opportunity to touch upon problems affecting the Mississippi valley, a bid for support in Minnesota, Wisconsin, Iowa, Illinois, Tennessee, Kentucky and Arkansas.

Going Home to Vote

Hoover will make this speech while en route to his Stanford University, Cal., home to vote in the November election. He will be accompanied by Mrs. Hoover and his sons, Herbert Jr. and Allan, all of whom will vote in the election. Incidentally it will be the "first vote" for Allan, who recently came of age.

The nominee's itinerary is still the subject of considerable deliberation. Some of his advisers have urged him to make a number of rear platform appearances in cities all over the Middle-West and in the mountain area. Hoover, an inexperienced campaigner, however, has demurred, as he has found no enjoyment in his barnstorming political tours.

Speaks Night Before Election

Under present plans the candidate's final campaign effort will be a speech from the west coast, to be widely broadcasted by radio, on the night before election. Unless this program is changed two more speeches and a number of rear platform appearances between St. Louis and San Francisco during the first week of November will constitute the rest of his campaign.

Both Hoover and his advisers meanwhile were awaiting national reaction

Has Voted For Every Republican Candidate For President Of U. S.

One of the oldest Republicans in the United States, one of the first Republicans in fact, is a visitor in New Castle at the present time. E. O. Wilbur whose home is near Petoskey, Mich., is the guest of his daughter, Mrs. W. O. McCullough of 115 North Walnut street.

Mr. Wilbur has voted the Republican ticket for president since the birth of the party and has the distinction of not only having voted for Abraham Lincoln, but of having met him.

As a young man Mr. Wilbur joined the Union forces during the Civil War, being a cavalryman. At the close of the war he accepted a land grant from the government out in Northern Michigan and here he settled, being one of the first eight Ohioans who developed the upper Northern Michigan country.

Since that time Mr. Wilbur who is 91 years of age, has voted the Republican ticket consistently. Although his age is advanced his mind is keen and alert and he is taking a deep interest in the present campaign.

And in a few days he expects to mail back his vote to his home precinct and the ballot will be marked for Herbert Hoover and Charles Curtis.

New Hampshire Boys Now Face Murder Charge

Two Youngsters Held For Murder Of Chum Who "Squealed" To Police

WERE MEMBERS OF BOLD ROBBER GANG

Replica Of Chicago Gunmen Enacted By Mere Schoolboys

(International News Service)

NASHUA, N. H., Oct. 24.—Ten-year-old John Misking and his chum, Frank Rokas, 14, said by police to be members of a juvenile robber gang, were to be formally charged with murder today, following the discovery of the body of Adam Goodrich, 12, who was killed after he was alleged to have "squealed" to the police.

The body of the Goodrich boy was found in an alleyway with a bullet through the heart. Nearby was a loaded revolver, indicating that the members of the gang had got the "drop" on him. Another fully loaded weapon was found nearby, thrown there by some member of the gang who had lost courage, police said. The murder weapon had not been found, however.

Youth Confesses

Suspecting them of petty robberies, the Nashua police rounded up the three youths the other day, but a questioning failed to elicit any information from the Rokas and Misking boys. Young Goodrich however, confessed that the trio robbed a hardware store, had stolen six revolvers from automobiles, and had taken 18 bicycles, according to police.

The police released the boys on condition they would return the loot and then go into juvenile court.

When the youths did not appear at school, a search was made for them. Later the Rokas and Misking boys appeared and said Goodrich had gone in another direction.

Later a paliceman found the body of the murdered boy in an alleyway. Autopsy by the medical examiner showed, it was said, that the boy had been dead about 14 or 16 hours.

Here's Size Of New Paper Money

This is the exact size of the new paper money which will be issued by the United States Department of the Treasury next year, according to authentic reports. While the bureau of engraving has been working on the new bills or reduced size for about two years, it is a tremendous undertaking to replace the millions of notes now in circulation. However, the Treasury Department plans to issue the new bills about July 1, 1929. They will be six and five sixteenths inches long by two and eleven sixteenths inches wide.

According to the latest information available, there will be eleven denominations of the new reduced size currency. Each will have a portrait on its face. The one dollar bill will carry that of George Washington, the two dollar bill that of Thomas Jefferson, the five dollar bill that of Abraham Lincoln; $10, Alexander Hamilton; $20, Jackson; $50, Grant; $100, Franklin; $500, McKinley; $1,000, Cleveland; $5,000 Madison; $10,000, Chase.

All bills of $100 and under, except the ones, will have engravings of buildings on the back. The ones and higher denominations will have ornate backs.

Man Questioned In Strange Case Of Burned Body

Officials Grill Butler Garage Man; Believe Wife Slain And Burned

TRY TO IDENTIFY BURNED JEWELRY

Husband Of Missing Woman Tells Conflicting Stories To Officers

(International News Service)

BUTLER, Pa., Oct. 24.—On the theory that the charred torso of a woman which, with a blackened wrist watch, two diamond rings and a wedding ring, were accidentally discovered by curiosity seekers in the ruins of a burned log cabin on the Patterson farm, is that of Nellie A. Jones, 33, police today took J. Earl Jones, 38, the woman's husband, to detective headquarters for an intensive grilling.

Other than to admit that his wife has been missing, Jones has steadfastly remained silent through 24 hours of inquisition. Conflicting stories by the missing woman's husband—first that he thought his wife was playing a "joke" by remaining away from home and later stating that he thought his wife had gone to visit a sister in Tarentum—aroused suspicions of police.

Taken in Custody

The four fire-blackened jewels found among the ruins of the abandoned cabin which mysteriously went up in flames last Friday night have been identified by neighbors as the jewelry of Mrs. Jones, who has been missing since the night of the fire.

Jones was taken into custody by County Detective Frank T. Wigton yesterday upon the report that the man's wife has been missing and the identification of the jewels.

Positive identification of the three rings and watch has not been made by members of the missing woman's family. A daughter of Mrs. Jones, who has been staying with her grandparents, Mr. and Mrs. Thomas Adams, is stricken with scarlet fever and the house is quarantined. County detectives made arrangements today, however, to send the jewelry into the house to have the relatives view it.

Seek Fingerprints

Bertillon measurements and finger prints of Jones were taken by state police today to be compared with fingerprints that might be found on articles near the destroyed cabin.

Police found, however, that finger prints that might have been on the cans which were apparently used to scrape earth over the blood pools found near the cabin, had been washed off. Two days had elapsed between the time of the mysterious fire and the time the cans were found.

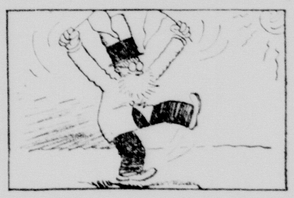

Detectives said today they are placing much faith in the discovery of an empty 32 caliber revolver shell near the tree under which the murder is believed to have been committed. A loaded shell of a similar make and caliber was found in Jones' home. The revolver has not been found.

Attempt To Fire Connellsville, Pa. Home Frustrated

Find Gasoline, Gun Powder And Fuse In Kitchen Of Apartment House

OFFICIALS ARE NOW IN PROBE

(International News Service)

CONNELLSVILLE, Pa., Oct. 24.—An attempt to burn the Baxter block, a three-story business and apartment house, was frustrated early today by the discovery of gasoline cans, a pile of powder and a 25-foot fuse in the kitchen of Baxter's restaurant. Three families residing on the third floor would have been endangered had the fire been started.

Seven one-gallon cans of gasoline had been emptied on the floor and tables in the kitchen on the first floor of the building, and in one corner of the room was a mound of three pounds of gun powder from which led a 25-foot fuse into an alley in the rear of the building. The first floor is used as a kitchen and lunch room, the second floor as a dining room and the third floor is occupied by the Gillen, Ferreri and Schepps families.

When Mrs. Baxter and restaurant help appeared for work this morning they detected the odor of gasoline and an investigation revealed that the kitchen had been saturated with the fluid. It is believed that the incendiaries were frightened as two suit cases were found in the kitchen.

Baxter, who is a politician of local prominence, could not account for the attempt to burn his place. Recently there have been two or three fires of incendiary origin in Connellsville. Police are using the two suit cases as a lead with which they hope to trace the perpetrator.

Fire Damages House On Pearson Street

Originates In Overheated Grate; Damage Amounts To $10

Ten dollars was the amount of damage done to a house on the corner of East Washington and Pearson streets, when fire, originating in an overheated grate, caused firemen to respond to an alarm at 1:30 this morning. Companies 1, 4 and the aerial truck answered the alarm.

When the companies got to the scene of the fire, according to the report of assistant Fire Chief Claire Stockman, they found that the house had been occupied by Dan Patton. The owner was unknown. Patton evidently had gained entrance by breaking the lock on one of the doors. For some time he had been sleeping on the floor of the house. Last night, because he was chilly, Patton had lighted a fire in the grate. The grate became overheated, and set the mantle on fire. A small amount of chemical was used to extinguish the blaze.

Shriners Meet At Cathedral

Several Hundred At Smoker Last Night; Potentate And Divan Here

EXCELLENT PROGRAM IS WELL PRESENTED

Tuesday night was Shrine Night at the Cathedral, and for a couple of hours the lads who wear the Red Fez had things their own way. All of which means that the merriment was high, wide and handsome while it lasted. Counting them in squads of eight men each there were some three hundred present which is considerable of a party in any country, and particularly among Shriners of New Castle caravan number 5.

Gracing the occasion were Potentate Reginald Daniel and his Divan from Syria Temple, Pittsburgh.

His party consisted of James Barber, recorder; Carl Hammer, oriental guide; Thomas Hurd, high priest; John Daub, first ceremonial master and the members of the quartette under the direction of Paul Harper. The other members of the quartette were Dan Jarrett, Frank Demms and Frank McKelvey. The singers gave several fine selections which were received with pleasure. The visitors arrived in this city at 7:30 and were met at the train by a reception committee. They department at 10:15 for Pittsburgh.

Addresses were made by Potentate Daniel, Recorder Barber, High Priest Hurd, Oriental Guide Hammer, First Ceremonial Master Daub, and Walter DeArmitt, secretary of the local caravan. Fred L. Rentz, president, presided. A Noble from Uniontown extended an invitation to the local Shriners to attend a ceremonial to be given in that place next month.

A fine lunch was served consisting of doughnuts and cider and all kinds of sandwiches and relishes.

It was voted to hold a dinner dance some time next month in the cathedral.

The local Shriners were highly pleased with the visit of the Potentate and his Divan. Mr. Daniel has taken a great interest in the Shriners of New Castle during the past year and has extended many favors to them when they have visited Syria. He stands high with New Castle Shriners and they are always glad to have him come to this city.

force of committees is working on final plans today.

McCullough Marshal

T. Wilbur McCoullough was selected as grand marshal for the big mummers parade which will take place down town in the evening, while Frank J. Nessele will be in charge of the line of march. Boy Scouts of the city and county will be asked to help in keeping the line of march straight and to aid in keeping the side lines back for the mummers to pass.

Judging will be in charge of Edward Russell who will select heads of the civic organizations of the city as judges for the costumes and stunts.

Heads of the city administration, Rotary, Kiwanis, Lions, American Legion, Veterans of Foreign wars and Knights of Columbus will be the grand judges.

The prize committee will be in charge of Frank Summers, chairman, Lewis Lewis, and William Lewis. The music committee will be under the direction of John T. Kennedy.

Committee To Meet

Though the organization has begun work in earnest at the present date, the exact details of the work are meager in this early stage of the game. October 26, at 8 p. m., the committee will meet again in the Legion home which time the complete details will be worked out and everything in readiness for the parade which will be the event of the night of Hallowe'en.

The members of the main committee who are in charge of arrangements for the parade are Ivor Davis, grand chairman; John T. Kennedy, T. Wilbur McCullough, Edward Russell, William Lewis, Frank Nessle, Lewis Lewis, Stanley Treser, Bart Richards, Frank Summers and Bernard Hanlon.

It is hoped by the committee which is endeavoring to make Hallowe'en the greatest ever in the city that the merchants and townspeople will cooperate in their efforts.

Announcement will be made later as to the place of assembly and start of march as well as the time and line of march which has not as yet been decided upon.

Following the meeting this coming Friday evening, it is expected that all final details will have been formulated and the decisive announcement made to the public.

post office lawn as directed; two young men treking the diamond park on the grass last evening.

According to Engineer C. H. Milholland, the new bridge and viaduct at Wampum, may be ready for traffic by the first of November. The final work is being done on it, but the progress is slow, he says.

He was an old man. From whence he came or as to his destination Pa Newc did not know. He carried a pack on his back in true old peddler style and seemed very weary from walking. Pa Newc, driving on the highway, proffered a lift which was not asked by the old man. He clambered in, smiling under his heavy burden. No, he didn't know where he was going. Just driftin'. He must have been 80 years of age.

Seventh ward lads have been boycotting the street car company since school started. Each morning they are out thumbing until the last car that they may take goes. If they do not get a kindly motorist previous to that time, why, they ride the street car.

At a public sale yesterday which took place in Lawrence county, ordinary grade dairy cattle averaged $170 each for 11 head. This is a record price to be paid for grade cattle in this county for several years. Then every head went without exception to not less than $170. Dairymen say they have not noticed such a shortage to warrant these high prices.

Another citizen has entered the controversy anent the stop signs at the intersection of Sheridan and Albert streets. He points out that not only is the stop sign on Sheridan avenue when it should be on Albert street, but that there is only a stop sign on the east side of the Albert street intersection. There is no stop sign on the west side. How this would affect traffic is beyond Pa Newc. It's a stop street going one way, but coming the other, it isn't, as the signs now stand.

It is suggested by P. G. Hess, well known street car operator, that it would be a real nice thing on next Armistice day, if the homes of the city, who had members of their family in the World war, would hunt up and display in the windows of their homes, the service flags that they had in use in the days of the World war. According to Mr. Hess, this would add a touch of real sentiment to the observance of the day, that nothing else could do as effectively and it would increase the spirit of reverence in the observance of the day and what it means.

Remember, if you make $100 a month and installment payments on the car are $52 a month, you'll have only $48 a month to spend for gasoline.

Deaths of the Day

Mrs. Sarah L. Bratschie

Mrs. Sarah Lambert Bratschie, aged 79 years, wife of Amiel Bratschie, former well-known resident of New Castle, passed away at her home in East Palestine, O., Tuesday evening at 7:30 after an extended illness of six months' duration of complications.

Mrs. Bratschie was born in Butler county June 3, 1849, a daughter of George and Christina Lambert. She had been a resident of this city for many years previous to removing to East Palestine about six years ago.

While in New Castle she was a faithful and active worker in the First M. E. church. Mrs. Bratschie was a woman of beautiful Christian character and kindly disposition and will be remembered by a host of friends in this community. Since going to East Palestine she had attended the Methodist church of that place.

Besides her husband she leaves the following children: Samuel, Paul Henry and Roy Bratschie, and Mrs. Maude Owens of this city, and Charles Bratschie of Mansfield, O. She also leaves one brother, Paul Lambert, of Butler, and two sisters, Mrs. Susan Boyer of Harmony and Mrs. Catherine Wimer of New Castle.

The body will be brought to the home of her daughter, Mrs. Maude Owens, 120 North Ray street, where funeral services will be conducted Friday, Oct. 26, at 2:30 p. m. Burial will be made in Oak Park cemetery.

Mrs. Suda Prettyman

Relatives in this city have received word of the death of Mrs. Suda Prettyman, wife of Joseph Prettyman, formerly of New Castle, which occurred at her home in Baton Rouge, La., Tuesday evening after an illness of about a year of complications.

Mrs. Prettyman was born in New Castle, a daughter of James and Lydia Reynolds, and lived here until she was a young woman.

Besides her husband she leaves one son by a former marriage, Arthur Cooper, of Boothwyn, Pa., and three sisters, Mrs. Hester McKee, of Savannah and Miss Fern Reynolds and Mrs. W. E. Patton of this city.

The body will be brought to this city and will be taken to the home of Miss Fern Reynolds, 737 Butler avenue. Announcement of funeral will be made later.

Alfonso C. Prostovitch

Alfonso Carl Prostovitch, aged three years, son of Mr. and Mrs. Frank Prostovitch, died at the residence in Bessemer Tuesday afternoon after a short illness.

Besides his parents the deceased leaves three brothers, Joseph, William and John.

Funeral services will be held on Thursday, Oct. 25, at three p. m. from St. Anthony's church. Interment in St. Anthony's cemetery.

Mrs. Leota Creed

Mrs. Leota Creed, wife of Charles Creed, died Tuesday afternoon at her home in New Brighton following an illness of several weeks.

Besides her husband Mrs. Creed leaves her mother, Mrs. S. E. Guy, of New Brighton, and four brothers, Roy, Bert and Harry Guy of New Brighton, and William Guy of Chewton. She also leaves an aunt, Mrs. W. F. Van Brocklin, of Fairmont avenue, this city.

Funeral services will be conducted Thursday, Oct. 25, at one p. m. from the First Methodist church of New Brighton.

covered the plane in flames and notified Tucson airport officials. A party of rescuers rushed to the scene of the crash. When they arrived they found all of the occupants burned beyond recognition. Their bodies had to be taken away in bags.

Body in Morgue

TUCSON, Ariz., Oct. 24.—Thought to have been accidentally shot while on a hunting trip, the body of William Hyatt, University of Arizona student, was held in the morgue here today.

Four men searching for him in an airplane lost their lives when the plane struck a canyon wall and crashed in flames.

GOVERNOR SMITH WILL SPEAK IN BOSTON TONIGHT

(Continued From Page One)

has spent the last ten days, but the electoral votes between Cape Cod and Cape Charles are vital.

Biggest Effort

Probably no one realizes this fact more keenly than Governor Smith himself. He is primed for the political effort of his career.

The entire Democratic campaign has been predicated upon Governor Smith's ability to carry the Atlantic seaboard states which includes his own, New York.

Everything has been subjugated to this end. Governor Smith has saved his voice for it, as well as his most telling speeches. He has been deaf to appeals for speeches in other parts of the country in order that he could be in tip-top shape for his finale joust in the East.

Has High Hopes

He set forth for Boston today in high hopes and with a confidence that amazed his intimates. The battle opens in Masachusetts today. The Bay State with its 18 electoral votes already is counted in the bag by the Democratic managers. Outside of his own New York, Governor Smith probably is more confident of carrying it than any other—this despite the fact that it is the home state of President Coolidge, despite the 400,000 Republican majorities rolled up there in 1920 and 1924 and despite the fact that no Democrat save Woodrow Wilson has carried it in a half century, and that was in the split year of 1912.

Speaks Tonight

Tonight in Boston, appropriately enough in "The Arena", Governor Smith will strike the first blow of the Eastern campaign.

Every indication is that he will answer the speech of his Republican opponent Herbert Hoover delivered in New York Monday night, particularly that portion in which Mr. Hoover charged him with being a sponsor "of state Socialism," because of his prohibition, farm relief and water power policies.

The Governor's visible audience will be confined to 13,000 people, all that can crowd into the Arena, but two other halls, Symphony and Mechanics, will be linked in by loud speakers comprising a total audience of some 30,000. And the whole country will in reality be sitting in.

Starts Tour Tomorrow

Tomorrow Governor Smith starts southward from Boston on a ten days tour that ultimately will take him to Baltimore, and includes Philadelphia, Newark, Brooklyn, and New York among the chief speaking points.

Enroute from Boston to New York tomorrow the Smith Special will stop at Providence, R. I., Hartford, Waterbury, Derby-Shelton, New Haven, Bridgeport and South Norwalk. Governor Smith is scheduled to reach New York at 10:30 p. m., making the day one of the most strenuous he has yet attempted. There will be parades in both Providence and Hartford.

There will be a day of rest in New York before Governor Smith goes to Philadelphia on Sunday for a big celebration and speech at night. Monday night will see him in Baltimore.

Cheered by Throngs.

Governor Smith left Albany at 10 a. m. His special train pulled out on the Boston and Albany railroad to the cheers of a throng of the governor's friends and well-wishers.

A modest train of five cars, equipped only for day travel, made up the governor's eastern caravan.

He occupied the private car of his friend, William Kenney, the "St. Nicholas" in which he has traveled all over the west and border states.

There were two standard Pullmans filled with newspaper correspondents. The first stop on today's schedule is Springfield, Mass., at 1 p. m. where a stop of ten minutes will be made.

After that comes Worcester at 2:35 p. m. and then Boston and a Big parade at 3:30.

HOOVER PREPARES FOR SWING ACROSS COUNTRY TO VOTE

(Continued From Page One)

to his New York speech, in which he dropped his program of explaining Republican issues to assail the policies of his Democratic opponent, Governor Alfred E. Smith. Hoover charged the Smith programs on farm relief, prohibition and water power development would result in "state socialism" and lead to the "destruction of self-government" in America.

Hoover Confident

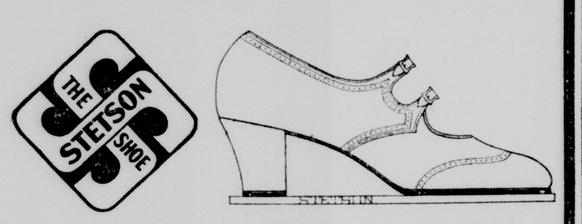

The effect of this speech, in which Hoover assailed some beliefs of the senatorial insurgent bloc, can only be ascertained when the insurgents have spoken. The Hoover leaders, however believed the speech would not alienate any of the Republican insurgents, already pledged to him, and that it would have no effect on those still outside the fold.

Hoover was pleased greatly with the results of his visit to New York. He came back to Washington an optimistic candidate, convinced he will carry the industrial East and that he will win the election two weeks away.

POLITICAL INFORMATION FOR WOMEN.

"India's Greatest Woman."

Early next month Madame Sarojini Naidu, known as "India's Greatest Woman" is to visit this country for the first time. Co-worker of Mahatma Gandi, an orator of international repute, as well as the author of several English works, Madame Naidu is the greatest exponent of feminine freedom in India. A Brahmin, she took the bold step of marrying a man of a different caste.

She served a term as mayor of Bombay and was also president of the India National Congress in 1920. After organizing flood relief work in Hyberabad she was decorated by King Edward with the Gold Kaiser-I-Hind medal.

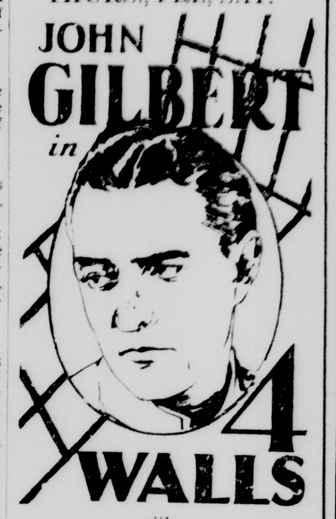

The club women of America will look forward with pleasure to meeting this distinguished visitor.

INTO THE UNKNOWN

TIME was when silence might have been added to the category of things to be endured by polar explorers, but this is another day. No longer is the explorer of the unknown lost to the world the moment his ship disappeared beyond the horizon.

Our roving spirits travel deluxe nowadays with all the comforts and conveniences that science can afford. Thanks to the radio, they are never completely cut off from the workaday world. Whether they be in mid-ocean or ice-bound somewhere in the frigid zone, they may dance to the syncopation of Broadway or grow sleepy-eyed with the tiny tots of Kansas to Uncle Somebody's bedtime stories.

Barring accident to its elaborate radio sending and receiving equipment the Byrd expedition will be in communication with the civilized world during the two years of exploration and scientific study in the Antarctic.

But even with such diversion two years is a long time for a group of men to see only each other. If human nature runs true to form, they will be hating each other fervently many a time and oft before the two years of close association have passed. Theirs is a test not only of courage but of endurance of each other no less than of cold and hardship; endurance of peculiarities of temperament, of dispositions strained and perhaps cracked by the inevitable waiting and inaction.

Long before the twenty-four months have passed they will understand why husbands and wives quarrel and why invalids demand frequent changes in attendants.

THE EDITORS POINT THE WAY

ONE very sure indication of the number of Democratic and independent voters who are swinging their support to Hoover and Curtis this year is to be found in the support of the Republican candidates by 86 newspapers having editorial policies either pronouncedly Democratic or independent.

There would be scant significance in a pro-Hoover declaration by an isolated Democratic newspaper here and there. But when 36 editors in Kentucky alone decide to give their full editorial support to the Republican nominee, despite the fact that their sympathies are usually with the Democratic party or are reserved for the candidate whom they think best fitted for the office, their action points to a trend of sentiment.

Such a consistently Democratic state as Alabama has 16 newspapers which have refused to support the candidate of the party whose doctrine they espouse, and are out and out for Hoover and Curtis.

In Oklahoma the Democratic national ticket has lost the support of eight such papers, and so it goes, until the total list includes newspapers located in 15 states.

TO CLEAN UP THE ROADSIDE STANDS

THE Commonwealth of Pennsylvania has spent millions of dollars in the construction of its fine highway system, and it is only reasonable that it should have a strict supervision over its surroundings.

Complaint is made now that many of the roadside stands are not clean and sanitary and that some of them are an eyesore.

It is announced that the Pennsylvania Motor Federation is going to inaugurate a campaign to remedy these conditions. President Gable says that the roadside eating place is regulated by the sanitary code, just as is the city or town restaurant or public dining room, yet conditions exist at some of these stands which would not be tolerated long in any municipality.

It is only fair to admit that the organization does not make sweeping charges. The conditions complained of are not general. Many places are models of cleanliness and are well managed. But the exceptions are sufficiently numerous to call for prompt action by those in authority.

"The stand that fails to comply with the provisions of the health and sanitary code," declares Mr. Gable, "is a menace. The transient patron has no way of checking up on these places, except by exterior appearances."

Sons and daughters working in mills and factories in which their fathers and mothers worked when Cleveland was president are about as likely to vote for the Democrats and a destructive tariff as they are to wear an oxford tie on one foot and a rubber boot on the other just to be stylish.

The people of this country were never organized to elect anybody as they are to elect Herbert Hoover. And the best of it is, they organized themselves. That will do the trick.

There seems to be general opinion that Herbert Hoover is the best qualified man ever nominated for the presidency.

Senator Curtis, Republican candidate for vice president, commands a pile of respect. Senator Curtis is putting a terrific kick into this campaign.

Unless all signs fail victory for Herbert Hoover is just as sure as the world is round. The way people are rushing to Hoover, high, low, rich and poor, one with another, is the proof.

By ARTHUR G. BRISBANE
(Copyright, 1928, by N. Y. American, Inc.)

Nature, kind to candidates, makes them all believe they are to be elected up to the last moment. Then, of course, one of them must learn the sad truth.

Newspapermen that met Mr. Hoover in New York City Monday and the big crowd that heard his Madison Square Garden speech, felt he was absolutely certain of success.

You may say that his certainity is not surprising, considering that the Republican party has among its assets prosperity and last election's plurality of 7,000,000 votes. But always remember that in politics everything is uncertain.

Wise Wall Street gentlemen were betting 6 to 1 on Gov. Hughes after Woodrow Wilson was actually elected.

Gov. Smith, who understands practical politics as well as any man, knows what uncertainties lie in the ballot box. But he has adopted the expression, "when I am in the White House."

As for Mr. Raskob, he is sure that he probably will not call up to ask what happened. The American General Electric Company makes a $22,000,000 contract with Russia and Russia hopes it is "a forerunner of recognition by the United States."

It is at least a proof of sanity on the part of Mr. Swope, head of General Electric. A good business man attends to business. Our government still shudders because Bolshevism refused to recognize and pay the debts of a foolish czar and his grand dukes.

Elinor Smith, a girl 17 years old, amused herself Monday by flying her plane under all four of the bridges that unite Brooklyn and Manhattan. She left Curtiss Field alone in her plane, flew down to the upper bay, came down the East River, whipped her plane under each of the bridges in turn, sometimes flying only 10 feet above the water. She returned to Curtiss Field one hour and 10 minutes after she left.

The young lady violated rules of the Department of Commerce, but will probably be forgiven.

Women will fly as well as men, for physical strength in flying is less important than nerve. In pure courage women equal men and surpass them.

Steering his automobile by rifle sights, Maj. Segrave, British speed champion, will attempt to beat his record and do 240 miles an hour.

He may do it, although such speed, on the ground, is useless. But developing an engine that can make the speed is very useful.

Flying machines capable of a 500-mile speed are wanted and are coming soon. And in the air any speed may be safe.

To go around the earth as quickly as the sun seems to go around it will remain the goal, until it is attained, about getting away from this little earth. But that probably will not be permitted.

The World AND THE Mud Puddles

BE YOURSELF.

The "Colonel" says Jones can write novelettes better than Longfellow, Plato or Geronimo, that Jones' works are more modern than those of William Shakespeare and funnier than the comic strips of Lathrop or Bernard Shaw.

The "Colonel" thinks Jones should devote his life to writing a book on golf or something. Advice is the cheapest thing on earth. It is worth less than it costs and valued at less than it is worth. If Jones took the "Colonel's" advice, his family would starve to death about every thirty days for the rest of their lives.

The reason advice is so cheap is because there is so much of it. Every time Jones plays golf, he gets advice from three golfers and four caddies on how to make each of his strokes—333 tips per game—when Jones wants less advice, he plays nine holes.

When Jones gets into his locker room, he gets advice on the length of the nether garments he should wear; how cold to take his shower and how he should change his stance to improve certain extreme in his figure. At luncheon he is advised against each item on the bill of fare from top to bottom so he generally appeases his golf appetite with a glass of water stirred gently with a toothpick.

Advice is Hell.

Our idea of a chain store is a store where they do not sell chains.

There does not seem to be much interest in the present presidential campaign in New Castle. We have seen a great many presidential campaigns and this is the first one that there has not been more or less red fire. This does not loom good to us as a Republican. Many people have called us up to inquire where the Republican headquarters are. Something is wrong in this burg along Republican lines and there has been for many years. How long are Republicans going to stand for this?

The man who wastes money is no better than the miser who hoards money, for money is of no use unless it is put into use.

Leading health authorities of Pennsylvania declare that it is not necessary for children to have whooping cough and measels and that these things should not only be avoided, but that they are very injurious to humans also. Heretofore it has been thought that kids just must have all the childrens' diseases before they grew up. We had the whooping enough when we were thirty years old and it nearly killed us.

You never miss the gas until the tank runs dry.

The women of this country are going to elect Mr. Hoover president of the United States and they can about do it without the men.

Opportunity is like everything else, always ready to call on a man who is already successful.

EPITAPH
By Franklyn Blanning.

Half of four score she lived
When Death came down
To smooth her furrowed brow,
To melt her frown.

Toil marked her slender hands,
Need made her gown;
Love made her labor's slave
And fashion's clown.

Wrapped in the days and years,
Dull as worn brown,
She sowed the seeds of love that
Time cannot drown.

Dreams she built higher than
Steeples in town.
She built for her children,
They are her crown.

No town ever gets out of the rube class until it prohibits the stringing of advertising banners across the main street. There is an ordinance against that right here in New Castle.

The best way to be wise as to the future is to do the right thing in the right way at the present.

An outlaw is a man who breaks laws you approve.

Maybe the wife doesn't mend your clothes because it takes all her energy to mend your ways.

Homes for the narrow minded should be built in this country. It would require a big one in every block, however. These homes should be built with non-opening windows and doors designed especially to help the inmates to learn to entertain themselves.

We heard a man say that he lived with his wife for some years and she would go away and stay for days at a time and take the family automobile with her. Now she has left him for good and he knows where his automobile is anyhow, because she did not take it with her.

The man who meets the most opportunities makes the most of them.

Very few humans ever know too much. Knowing enough bothers the most of us.

Heaven helps those who help others to help themselves.

Of course some people take their politics seriously. We heard of a case where a stove was delivered to a house and it was not accepted because the truck it was hauled in had a Hoover banner on it.

AIMEE McPHERSON IN SCOTLAND.

Aimee McPherson, red headed Los Angeles female evangelist who has been in Europe and preaching at various places. She is [illegible] according to the following account of her meeting in Glasgow.

Students of Glasgow University remained unconverted today, but they paid tribute to the perseverance of Mrs. Aimee Semple McPherson, California woman evangelist.

Mrs. McPherson stood her ground yesterday under one of the most unmerciful heckings a woman preacher ever received, and managed to preach a 10-minute sermon. The students, waving whisky bottles, playing cards and blowing cigaret smoke at the speaker, cheered her when she finished.

Union Debating Hall was packed with men and women students, and they arranged a warm reception for the Californian.

The opening anthem was, "Oh, Aimee Dear, We Love You So."

Whisky and beer bottles decorated the platform. Screaming posters extolled the virtues of whisky. "Whisky is good for your complexion," said one. "Have you brought your chewing gum?" asked another, jibing at the American habit. "Ladies may smoke," another poster read, and girl students, sitting in the front row, blew smoke from the cigarets into the evangelist's face. When she coughed, students came forward offering beer to clear her throat.

The noise and disorder was deafening. Hundreds fought to get into the packed hall, battering at the doors and crawling through the windows.

Mrs. McPherson, wiping the tears from her eyes, courageously tried to make herself heard above the din and finally achieved a brief sermon.

It is easier to sit in the lap of luxury than to stand up and be a man.

The Republican headquarters in New Castle are located on the Fourth floor of the Centennial building, corner Washington and Mill streets. All information is given out there.

If things went the way some birds would let them go most cities would be just a wide place in the road.

Nor... [illegible]...non that convinces you of the crookedness of a man you praised three months ago.

Gov. Smith says he will favor frankness in the White House. He will find out if he ever gets to visit it that it is no place to shoot off in.

Mr. Raskob, chairman of the national Democrat committee says the Republican party has now become the prohibition party of the United States. Ain't he the kidder.

Lines for a Bride and Groom.

We would not weigh you down with fears
Nor cast one shadow on the years which lie before.
Brave children, fine and straight and true.
We know the altar seems to you
A golden door
A golden door which opens wide
For every happy groom and bride
To endless bliss.
But we who have grown old and gray
And long ago put youth away
Would tell you this:

The reason for the mother's tear,
The trembling in the voice you hear,
The moments sad—
Is we have lived and learned a lot,
And we have found that life is not
Forever glad.
Beyond that altar's golden door
No mortal knows what lies in store,
Yet this we know:
As life has been, so it must be,
God grants to none security
From care and woe.

And so tonight this prayer is ours:
That God will strengthen all your powers
For every care;
That wisdom will be yours to stand
Together always hand in hand
All things to share;
That love will hold you fast and pride
Keep sweet the home where you abide
The while you live;
Then you'll win memories to recall,
And spite of care you'll gather all
That life can give!

Cling fast to what you know is best
And unto God leave all the rest.
Life has its charm
That those who walk in honor's way
And keeps its laws day to day.
Need fear no harm.
With you our prayers and blessings go.
May happiness be yours to know
And later, may
You two, together down the years
Give as we do, with smiles and tears
Your child away.

Love is sweet, but oh! how bitter, when love letters make the court room titter.

Why worry about the surplus? Give each farmer a permit to raise and market so much, and fix the price.

Hoover In New York

From Philadelphia Inquirer

Hoover night in the City of New York Herbert Hoover, in an intensely thoughtful and extremely practical address, made an earnest plea for the maintenance of the "American system." He opposed bureaucracy and government in business. This theme he developed in such a convincing manner that it ought to appeal to business men, workmen and every intelligent citizen.

Wisely, he virtually ignored the other issues. Where he stands on the tariff—assured protection to industry and labor—is not in doubt, whereas the Smith idea is to hand the subject over to a commission. Hoover has a distinct plan for farm relief, while Smith offers another commission. Considering that Hoover is the prime leader in inland waterway developement and that Smith is plainly ignorant of it, further discussion of that topic would be a waste of time. Briefly, he referred to "the great construction measures" of the Republican Administration, which all unbiased men and women realize have brought wealth and prosperity to the Nation. "Only through keen vision and helpful cooperation by the government have stability in business and stability in employment been maintained." He recognizes that "there are always some localities some industries and some individuals who do not share the prevailing prosperity," but "the task of the government is to lessen these inequalities."

Mr. Hoover reminded his hearers that "government today deals with an economic and social system vastly more intricate and delicately adjusted than ever before. That system now must be kept in perfect tune if we would maintain uninterrupted employment and the high standards of living." There is a vast difference between "helpful cooperation," of which Hoover has been a practical exponent, and government operation, and the candidate stressed "the resistance of the republican party to every attempt to inject the government into business in competion with its citizens."

When the war closed, he reminded his listeners, "we were challenged with a peace-time choice between the American system of rugged individualism and a European philosophy of diametrically opposed doctrines—doctrines of paternalism and state socialism." Reflect, if you please, upon the following extract from his wonderfully illuminating address:

"There has been revived in this campaign a series of proposals which, if adopted, would be a long step toward the abandonment of our American system and a surrender to the destructive operation of governmental conduct of commercial business. Because the country is faced with difficulty and doubt over certain national problems—that is, prohibition, farm relief and electrical power—our opponents propose that we must thrust government a long way into the business which give rise to these problems. In effect, they abandon the tenets of their own party and turn to state socialism as a solution for the difficulties presented by all three. It is proposed that we shall change from prohibition to the state purchase and sale of liquor. If their agricultural relief programme means anything, it means that the government shall directly or indirectly buy and sell and fix prices of agricultural products. And we are to go into the hydro-electric power business. In others words, we are confronted with a huge programme of government in business. There is, therefore, submitted to the American people a question of fundamental principle. That is: Shall we depart from the principles of our American political and economic system upon which we have advanced beyond all the rest of the world, in order to adopt methods based on principles destructive of its very foundations?"

No need to recall the wreckage of railroads under government management of the financial failure of the shipping board. Leadership in business, Mr. Hoover declares, "must come through the sheer rise in ability and character. That rise can only take place in the free atmosphere of competition. Competition is closed by bureaucracy. Political agencies are feeble channels through which to select able leaders to conduct commercial business." And government "inevitably turns to boards and commissions." These commissions "must be representative of different political parties." State and municipal governments are deprived of taxes. "Bureaucracy is ever desirous of extending its power. You can not extend the mastery of the government over the daily working life of a people without at the same time making it the master of the people's souls and thoughts."

But Mr. Hoover does not wish to be misunderstood:

"I am defining a general policy. It does not mean that our government is to part with one iota of its national resources without complete protection to the public interest. I have already stated that where the government is engaged in public works for purposes of flood control, of navigation, of irrigation, of scientific research or national defense, or in pioneering a new art, it will at times necessarily produce power or commodities as a by-product. But they must be a by-product of the major purpose, not the major purpose itself."

Mr. Hoover is positive that "we can continue to solve our great problems without abandonment of our American system" and he speaks with the authority of experience when he insists that "the foundations of progress and prosperity are dependent as never before upon the wise policies of government, for government now touches as a thousand points the intricate web of economic and social life." Once more he declares that the country as a whole has made unparalleled progress under the Republican administration, and against the reality of this unparalleled progress the Smiths, Robinsons and Raskobs fling their lances in vain.

Dr. Crane's Editorial

THIS OR THAT

La Fontaine poetized the fable of the Ant and the Grasshopper. When the grasshopper applied to the ant for some of the stores that he had laid up for winter the ant asked: "What have you been doing all summer?" "I have been singing," said the grasshopper. "Then you can dance all winter," replied the ant.

This fable teaches us that we can't have everything, we can't play every instrument in the orchestra, if we have this we can't have that.

Carl Akeley, the famous explorer and big game hunter, who died in Africa while collecting specimens for the American Museum of Natural History, was buried on Mount Mikeno in Uganda.

It is related that while on another trip he killed his biggest gorilla on this mountain. Looking down at him he said: "I envy that chap his funeral pyre. I wish I could be buried here when I die."

Akeley had his choice, after a life of adventure that would have been the choice of some men and not of others.

He decided in favor of thrills. His stay-at-home fellows decided in favor of comforts. Each gained something and lost something by his decision.

John Ruskin says somewhere: "Do you know that if you read this you can't read that?"

What is true of reading is true of everything else.

At the long series of crossroads, which is life, we have to make our choice. We can't go both ways.

We have to choose this or that.

We choose between exploring strange lands and enjoying the comforts of home, as well as between thousands of other things.

In every town there are men who have made opposite choices.

There is the rich man who has given his time to making money; and the man who has been a companion to his children and stayed a bookkeeper all his life.

There are those who spent their money as they went, had their good time, and in old age camped on the querulous and unwilling relatives; and those who scrimped and in old age had a feeling of self-respect, and the rheumatism that kept them from enjoying their wealth.

It is altogether fitting and proper that every man should be allowed to make a fool of himself in the way he pleases. There should be a single restriction. Otherwise the lid is off.

After he has made his choice, and had his fun, there should be no complaining because he didn't get what he never paid for.

If he had a good time while others put in longer hours at work, he can't kick if they get more money or a greater share of success. If he danced while they studied, he can't be catty if they know more than he does. And so on down the list.

The essence of being a poor sport is complaining because others have the cake they saved, when we have eaten ours.

Forney To Take Witness Stand In Pittsburgh Probe

"King Of Slot Machines" Called By Gardner To Testify Today

TEMPORARY RECESS FOR GRAND JURY

Expect To Indict About 200 Persons As Result Of Big Exposure

(International News Service)

PITTSBURGH, Oct. 24.—Testimony from Al Forney, "king of slot machine concessionnaires," a temporary grand jury recess and preparation of presentments which are expected to result in 200 indictments, were the high lights of today's activities in the investigation into the charges of Alderman John J. Verona, deposed police magistrate and Hill district political "boss," that Pittsburgh's city administration and vice and graft "Racketeers" are in collusion.

District Attorney Samuel H. Gardner summoned the slot machine baron from his cell in the county jail where he is serving a six-months jail sentence for a federal offense. Gardner had previously planned to call Forney tomorrow, but a last minute decision to throw the probe into "high speed," summoned Forney before the jury today.

To Continue Jury

This action was taken, Gardner said, because a survey showed that the drafting of a partial presentment and indictments would consume all available time between now and November 2, when the jury term expires.

Gardner stated he planned to continue the grand jury as a special investigating body after its present term expires. This was the plan used by District Attorney John Monaghan of Philadelphia in conducting the graft probe there.

A conference was also planned today between Gardner and Joseph A. Frayne, aide to Prohibition Administrator John D. Pennington who testified before the grand jury yesterday. Frayne, Gardner has stated, "knows more about underworld conditions here than any other man in Allegheny county."

Several witnesses may be brought before the jury tomorrow, but the district attorney hoped to obtain the bulk of his testimony today—or all that is necessary at the present.

Estimating the indictments that will probably be handed down, Gardner stated that there would probably be 200. Most of these, he said, would likely be "small timers".

Fire Destroys Warren Foundry

Investigate Cause Of $250,000 Elaze Which Destroyed Plant

TWENTY-FIVE MEN ESCAPE WITH LIVES

WARREN, O., Oct. 24.—Officials today are investigating the fire which started in the cupola and is estimated to have done about $250,000 worth of damage to the foundry of the Etna Standard Engineering company here late Tuesday afternoon.

At the time of the fire, 25 men were in the plant, but all got out safely. The fire spread quickly and the entire building, more than 50 years old, was in flames 15 minutes after the first blaze was seen. The entire fighting apparatus of the city was taken to the scene and it was about three hours before the flames were under control.

M. I. Arms, president of the company, stated that the fire would not greatly interfere with business, since the material manufactured in the burned foundry can be purchased on the open market. Future plans of the company for replacements are to be announced within a few days.

Captain Craig Will Speak To Officers

"Infantry Protection Against Airplanes" Is Subject Of Address

"Infantry Protection Against Airplanes" will be the subject of Captain Melvin L. Craig, in charge of reserve officers work in this district, when he speaks before the first fall meeting of the Shenango valley chapter of the Reserve Officers Corps, which will take place at 6:30 this evening in the dining room of the Elks home. The speaking program will be preceded by a dinner.

Herbert Peairs, manager of The Cathedral auditorium and director of this year's Community Chest campaign, will also appear on the speaking program.

Captain Craig points out to reserve officers that attendance at this meeting will be counted as credit towards promotion.

Six Injured As Plane Topples

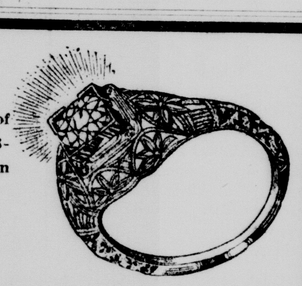

Canadian Mail Plane In Takeoff Crashes Into Road; Destroyed By Fire

(International News Service)

CALGARY, Alta., Oct. 24.—Six persons were seriously injured here today, when a Dehaviland air mail plane attempted to take off from a stubble field east of Calgary.

The plane belonged to the Western Canada Airways Corporation and crashed into a bank at the side of a road, burst into flames and was destroyed. The pilot, mechanic and four passengers received serious injuries.

Begin To Work On New Church

Start Excavating At Site Of First United Presbyterian Church

WORK TO BE RUSHED ASSERTS GILFILLAN

Excavation at the site of the new First United Presbyterian church at the corner of Albert street and Clenmore boulevard was started this morning, according to J. Clyde Gilfillan, who recently was awarded the contract for building the new church home.

At the same time, carpenters started to erect tool sheds so that everything will be in readiness to rush the work of construction as fast as possible after the excavation is finished.

Mr. Gilfillan declares that the work on the new church will be rushed so that the congregation can get into their new home at the earliest possible date.

Gangsters Try To Bomb Restaurant

Liquor Barons In Chicago Stage Bombing Retaliation; Slight Damage Done

(International News Service)

CHICAGO, Oct. 24.—Gangster warfare between downtown liquor barons flamed anew today when a powerful black powder bomb exploded in the heart of Chicago's Loop, in front of the Wacker Grill restaurant.

The latest bombing is believed by police to be a retaliation for the blasting of another restaurant, alleged to have been serving liquor, which was wrecked a few days ago a short distance from the Wacker Grill.

The bomb today wrecked a cigar store in front of the restaurant and shattered windows in a hotel. No one was in the cafe at the time of the blast.

Road Bond Issue Endorsed By Secretary Stuart

(International News Service)

HARRISBURG, Oct. 24.—James L. Stuart, secretary of highways, today issued a statement endorsing the proposed $50,000,000 road bond issue for his department.

In a letter last week Governor John S. Fisher made it plain that he frowned upon the necessity of four other bond issues but believes that the one for highway improvement is necessary.

Stuart in his statement asserted that unless the bond issue receives the approval of the voters on November 6 that the present plans for continued road improvement and construction will be seriously hampered.

Miss Werner Speaks Girl Scout Leaders' Meeting Tuesday

Miss Adelaide Werner, regional scout executive, spoke on Tuesday evening at the meeting of Girl Scout Leaders association of this city. Miss Werner gave a most interesting talk, telling of interesting and new ideas, which she has brought from the recent national training camp at Cheley park, Colorado, and the national Girl Scout convention held at Colorado Springs.

Miss Werner left here today for Sharon, Pa. There she will attend the Community Chest luncheon meeting. Miss Katharine de LaMare is director of the Sharon scouts.

ELLWOOD MAN PLEADS GUILTY IN BANK THEFT

John B. Camilli Is Sentenced To Serve 15 Months In Federal Prison

(BULLETIN)

(International News Service)

PITTSBURGH, Oct. 24.—Pleading guilty to embezzlement of funds from the Ellwood City National bank when he was employed there as manager of the foreign department in 1927 John B. Camilli, was sentenced to serve 15 months in the Federal Penitentiary at Atlanta, Ga., at his trial in federal court here today before Judge Nelson McVicar.

Camilli had been indicted last May for defalcations amounting to $6,935. The embezzlement occurred between May, 1927 and January, 1928.

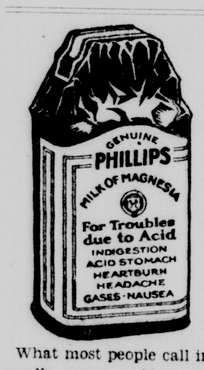

Judge McVicar declared testimony of character witnesses in favor of Camilli, influenced him in rendering sentence.

George Smith, official of Ellwood City National bank and Dr. Frank Ferrante, former New Castle physician, who now lives in Pittsburgh, testified that Camilli always had been held in high esteem and had never before been connected with a misdeed.

SHENANGO VALLEY HOSPITAL NOTES

Admitted: Betty Robinson, New Castle, R. D. 4; Marie Vennor, Pearl street.

Discharged: Mrs. Leah Wingerd, Park avenue; Marie Vennor, Pearl street; Angelo Pasquerello, Home street.

Indigestion

Immediate Relief!

What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude helps. Use what your doctor would advise.

The best help is Phillips' Milk of Magnesia. For the 50 years since its invention it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless, so efficient.

One tasteless spoonful in water neutralizes many times its volume in acid. The results are immediate, with no bad after-effects. Once you learn this fact, you will never deal with excess acid in the crude ways. Go learn—now—why this method is supreme.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

Gray Eyes Tell

Steady, gray eyes have marked many of the world's most accomplished men and women and usually indicate resourcefulness and determination.

All eyes reveal physical as well as mental conditions. Eyes with a yellow tinge indicate symptoms of constipation or disordered liver. To enable your eyes to make their best impression at all times, keep them clear and bright the modern way—by the regular use of Beecham's laxative Pills.

Safe. Pleasant. Easy to take. Produce natural action. Not habit-forming. 50c at all druggists. Trial size 25c.

Capital Toy Seller Kills Self With Gas

Is Found Dead Amid Toys; Was Familiar Figure To Children

(International News Service)

WASHINGTON Oct. 24—Surrounded by toys which would bring cheer to many children the capital's toy peddler was found dead in his third-floor hall room. Gas was flowing from two jets of a small stove on which he cooked his meals.

The peddler was a familiar figure to hundreds of Washington children. For 12 years he had made a livelihood by selling small toys. He was Santa Claus to the urchins of the poorer sections and would often undersell his wares to bring them cheer.

His death room was a literal workshop for old "Chris Kringle." Wagons, dolls, mechanical engines and automobiles and an assortment of other toys which he had purchased wholesale were found by the police. The peddler confided to no one and died leaving his past a mystery to those who attempted to learn his relatives.

DRUGS EXCITE THE KIDNEYS, DRINK WATER

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

Stonewall Jackson Monument Dedicated

Virginia House Of General Is Given To Nation By Railway

(International News Service)

FREDERICKSBURG, Va. Oct. 24—A little house at Guiena, Caroline county has been dedicated as a national shrine. The house is insignificant in appearance but Gen. "Stonewall" Jackson, famous southern warrior died under its roof during the Civil War.

The property has become the possession of a railroad, the Richmond, Fredericksburg and Potomac Railroad company—instead of the federal government. Eppa Hunton, Jr., president of the company, said his concern had been desirous for some time to purchase the house and preserve it for its historical interest.

The dedication was attended by the rail officials, Daughters of the United Confederacy and nearby residents. Portraits of Jackson were presented by Mrs. M. G. Willis, Jr., of the Confederate Daughters, and Oswald E. Camp, resident engineer of the Fredericksburg and Spotsylvania Battlefield Park commission, a son of a Union soldier. Dr. Stuart McGuire, son of Dr. Hunter McGuire, General Jackson's surgeon delivered an address.

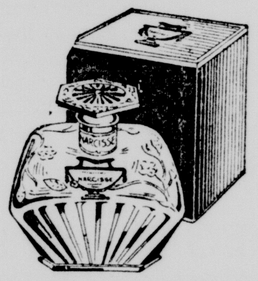

Prior to the dedication the party went from this city to the place in Spotsylvania county where General Jackson fell mortally wounded by own men at the Battle of Chancellorsville. They partly followed the route over which he was carried to Guinea.

Parked Auto Is Somewhat Damaged

N. E. Musser, R. D. 7, reported to the police Tuesday that his car was parked in front of the Thomas lunchroom on West Washington street, when a car said to bear the license number 404-284, ran into the Musser car, doing considerable damage to it. After striking the Musser car, the driver of the other machine beat it away as soon as possible. Others in the vicinity gave the number to Mr. Musser and on looking it up at the police station, it was found that it was listed in the name of R. O. Brigham, 3105 College Hill, Beaver Falls, Pa. This man was called by telephone and stated that his machine had not been out of the garage.

NEW TRANSFERS

A new kind of transfer is in use beginning today on a number of the street car lines of the city. The Mahoningtown line has the new kind and they are quite different from the kind previously used.

Across the top of the transfer is the name of the line, Mahoningtown. Down the left side of the transfer in a column are the hours, beginning with one a. m. to 12 p. m., down the right are the quarter hours. Transfers are torn off diagonally, giving the hour the transfer was issued and the quarter hour the transfer should be used. A person getting a transfer early in the morning will only get a couple of inches or so of paper; late in the evening they will receive nearly the whole transfer.

Each line has a different color and the name of the line issuing the transfer is across the top. The direction you wish to go is no longer asked, transfers are good on all lines except line giving the transfer.

Prohibition Issue Sham, Says Hughes

Holds Hoover Is Better Qualified Than Smith To Be President

ST. JOSEPH, Mo., Oct. 24.—Branding the prohibition issue as a "sham battle," Charles E. Hughes last night charged Gov. Smith with trying to get into the white house on the dry votes of the south and the wet votes in the north and east.

Hughes, former secretary of state, stressed prosperity as the real issue of the presidential campaign in his first appearance on the political platform as one of the heavy oratorical guns of the Hoover G. O. P. drive.

Sweeping aside the mists on minor issues, Hughes declared that the question of the election is—which is the better equipped man for president?

"The question is between Smith and Hoover, and I decidedly prefer Hoover," Hughes declared.

He warned that the history of Democratic campaigns is a history of "abandoned issues." He urged the Republican principle of the protective tariff as vital to the continued prosperity and security of the American people.

Praising the Coolidge administration for contributing to a degree of prosperity "which has excited the wonder and envy of the world," Hughes said:

"We wish to hold what we have and increase it. If anyone can buttress our prosperity and extend it, that one is Herbert Hoover."

Extensive Dredging Will Not Be Asked

County Commissioners Return From Harrisburg After Conference

County Commissioners McCullough, Elder and Boyd and their attorney, John P. Lockhart, have returned from Harrisburg, where they made business calls at the state treasury, highway department, and water ways commission.

The proposed North street dredging was discussed with members of the Water Ways Commission. The commission was not disposed to insist on any unnecessary dredging. It will probably be confined to the banks and around the pier.

Sage Tea Dandy to Darken Hair
By DOROTHY LANG

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. It costs only 75 cents. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

Bishops Request Enforcement Of Strict Nature

House Of Bishops Of Episcopal Church Ask Government Keep Up Good Work

REAFFIRM STAND OF THREE YEARS

(International News Service)

WASHOINGTON, Ovt. 24.—Reaffirming the stand of three years ago the House of Bishops of the Episcopal church Tuesday called upon the federal government for strict enforcement of the prohibition and anti-narcotic laws.

The resolution committing the church to this stand met some opposition in the committee on social service, to which it had been referred, as certain committee members feared the measure would inject politics into the convention. It was pointed out that when the resolution was adopted by the New Orleans convention in 1925, there was no national political campaign at hand. Their report asked the resolution be tabled.

Bishop Ward of Erie, however came to the defense of the resolution with the assertion that it contained no political or personal references and could not be construed to have any political significance.

Bisnop William T. Manning of New York, also declared against tabling the resolution and asked for its adoption.

The resolution cited the "cynical disregard" for the prohibition laws and the "danger of the spirit of lawlessness" caused by lax enforcement and called upon the members of the church to help promote their observance.

GET RID OF YOUR FAT

Thousands of others have gotten rid of theirs by my simple and efficient method of fat reduction without starvation diet or burdensome exercise, often at a very rapid rate and WITHOUT PAYMENT until reduction has taken place.

I am a licensed practicing physician and have made a careful study of the physiological requirements of the human body. This has enabled me to select such ingredients and in such proportion as in my opinion will produce not only a loss of weight without harm and an improvement in health, but with it an alleviation of all of the troublesome symptoms which frequently accompany and often are a direct result of overstoutness, such as shortness of breath on slight exertion, palpitation of the heart, etc., not to speak of the relief from the embarrassment of being too stout. Stout persons suffering from such diseases as Chronic Rheumatism, Gout, Eczema, Asthma and high blood pressure are greatly relieved by a reduction of their superfluous fat.

My treatment will relieve that depressed, tired, sleepy feeling, giving you the renewed energy and vigor which come as a result of the loss of superfluous fat.

If you are overstout do not postpone but sit down right now and send for my FREE TRIAL TREATMENT and my plan whereby I am to be PAID ONLY AFTER REDUCTION HAS TAKEN PLACE if you so desire.

Football Players Are Under Arrest For Sunday Game

UNIONTOWN, Pa., Oct. 24. — Arrests of 30 players who took part in a football game last Sunday at Bridgeport, near Mt. Pleasant, came today on warrants issued by Justice Charles A. McCombs of New Salem. The players are members of the Mt. Pleasant Superiors and the Romolo eleven of Uniontown.

The arrests were made on instructions from state police headquarters in Greensburg, to whom a Bridgeport minister is said to have complained. A warning had been issued against playing the game, but this was unheeded. About 5,000 persons were present. A fine of $4 and costs are to be assessed each player and official.

Diamond Finders Surrender Gems

Nearly 400 Diamonds Returned To Postal Inspector By "Seekers"

THREATEN ARRESTS IF GEMS NOT RETURNED

(International News Service)

FRANKLIN, Pa., Oct. 24.—Diamonds—400 of them valued at $50,000 collected by treasure seekers from the debris of the burned, wrecked and abandoned mail plane in which Pilot William (Wild Bill) Hopson lost his life last Thursday, have been returned voluntarily to postal authorities, Postal Inspector William Tafel of Erie, said Tuesday.

But there are still 100 of the gems missing, Tafel said and the issuance of "John Doe" warrants if the remainder of the diamonds are not forthcoming, still holds good.

Tafel said that his threat of issuing "John Doe" warrants had caused the return of many of the salvaged gems.

The gems are a part of nearly 900 pounds of mail which was scattered about the demolished plane which crashed in the woods of Bear Hollow near Polk, Pa., last Thursday during a heavy fog and storm.

Upon reports that a valuable shipment of diamonds was scattered over the scene of the crash hundreds of treasure seekers from Oil City, Franklin, Polk and vicinity flocked to the woods in a "diamond hunt."

Picking Presidents

1896: McKinley vs. Bryan

By CHARLES L. MULLIGAN
Written for Central Press and New Castle News

"You shall not press down upon the brow of labor this crown of thorns; you shall not crucify mankind upon a cross of gold!" cried William Jennings Bryan, appealing to the Democratic convention in Chicago in July, 1896, to adopt the Populists' plank for free silver. His eloquence carried the convention by storm. He was nominated for president on the fifth ballot, with Arthur Sewall, Maine shipbuilder, for vice president. The Populists met a month later at St. Louis and nominated Bryan and Tom Watson, of Georgia.

"Sound money" was the slogan of the Republicans in opposition. At their June convention in St. Louis they had put forward William McKinley, a skillful and experienced hand in national politics, whose campaign was financed and engineered by Mark Hanna.

Gold Democrats met at Indianapolis and nominated John M. Palmer, of Illinois, and Simon B. Buckner, of Kentucky. Charles H. Matchett was the choice of the Socialist-Labor party in convention assembled at New York, and Joshua Levering of the Prohibitionists at Pittsburgh.

Never had there been such a campaigner as Bryan. He traveled 18,000 miles about the country and made 600 speeches. He was but one year and four months over the legal presidential age of 35 when nominated. McKinley conducted a dignified "front porch" campaign at Canton, O. The Republicans whooped up interest with a series of sound money parades. Prosperity and the "full dinner pail" were their campaign cries.

Bryan carried the south and most of the west — 21 states in all — but the east and the middle west, with the heavy electoral vote, went for McKinley.

The electoral vote was as follows: William McKinley, Ohio, and Garret A. Hobart, New Jersey, Republicans, 271 votes; William J. Bryan, Nebraska, Democrat and Populist, 176; Arthur Sewall, Maine, Democrat, 149; Thomas E. Watson, Georgia, Populist, 27.

The popular vote: McKinley, 7,035,638; Bryan, 6,467,946; Palmer, 131,529; Levering, 141,676.

(This is the twenty-eighth of a series of 35 digests of presidential campaigns. The twenty-ninth will be: "1900: McKinley Repeats His Victory.")

HOOVER SEES LANDSLIDE ON NOVEMBER 6

WASHINGTON, Oct. 24.—Last Tuesday Herbert Hoover returned from Boston convinced he would be elected. He returned from New York with the further conviction that he will be elected by a landslide.

He thinks New Jersey will give him a big majority. He thinks Massachusetts will be for him although the result will be close. He thinks New York will swing to the Republican ticket with a comfortably safe margin. These are the "big three" Atlantic states which Smith almost has to carry to be elected.

He sees no further need for spending additional time in the east. He will not unless there is some upset of great moment, make any more eastern speeches. He plans only one more set address—at St. Louis on November 1 or November 2.

Claims He Was Benefited In A Wonderful Way

Endorses Famous Ten Herbs Because It Ended His Health Troubles.

"My system has responded to Ten Herbs in a wonderful way," was the recent statement of Mr. Charles T. Rafferty, 5219 Lytle Street, Pittsburgh, Pa., according to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington St., New Castle, where he is daily demonstrating this tremendously successful herbal compound to crowds of men and women.

MR. CHARLES T. RAFFERTY

"Before I used your medicine, I suffered so with indigestion that I had to leave work on several occasions," continued Mr. Rafferty, who is employed by the Carnegie Steel Co. "Even the lightest kind of food caused me terrible pain and distress—at times I could not retain a glass of water. Sometimes I was bothered with gas and severe headaches. I was subject to bilious attacks and at times got so dizzy that I feared I would fall. I had blurring of the eyes until every thing would turn black in front of me.

"My nerves were unstrung. I would not sleep properly at night and lacked ambition, and energy. Sometimes the pains were so bad across my back that I was afraid to bend over, and I had to take physics regularly because of constipation. I tried different kinds of medicines, but got no results.

"After reading in the paper that many local people were getting good results from Ten Herbs, I started using your medicine. I was surprised at the benefits that I received in a very short time. Food digests better and I do not vomit any more. My appetite is improving, and I feel a great deal better in every way. Ten Herbs has helped me in such a satisfactory manner that I gladly endorse it to the public."

Every day local people are reporting that Ten Herbs helped them to overcome such health troubles as indigestion, biliousness, constipation, pains and aches, or run-down condition.

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, New Castle, where he is daily meeting the public and explaining the merits of this medicine.

Library Adds New Books To Lists Of Foreign Volumes

Many New Polish And Italian Books Added To Library Shelves

Due to the fact that many of foreign birth who come to this country are unable to read the English language, many books have been added to the New Castle public library which are written in languages other than English. Lately the public library has added books to their shelves in the Polish language and others are being purchased.

The books in this language purchased by the local library have already made their way into circulation, say library officials. Books written in Italian have been a part of the library collection for some years. New books in this language are also being added.

The majority of the books pertain to citizenship and Americanization. Some of these are written in English while there are some which are written in two languages. In this case, the person may read his native tongue and see the English printing of the same immediately following it.

The aim is to Americanize foreign born who are already in the country. Many cannot read the books written for them which are written in English and thus these books containing the words of their mother tongue are necessary if America would make good citizens of these peoples and teach them new world ways.

According to the statement of library officials here, this plan is being followed throughout the country in libraries and the library here is keeping step with the advance of this movement to Americanize and make citizens of foreign born.

SUIT TO RECOVER FOR MONEY LOANED

Much Interest Shown In Revival At Edenburg Church

The interest in the special services that are being conducted by Evangelist Diehl at the Edenburg Christian church is growing rapidly in interest and attendance as evidenced by last night's audience which had increased over 100 percent over the preceding evening.

Mr. Diehl has shown himself to be a great Bible student and is nightly bringing a straight forward Biblical message that is leaving no doubt of God's will in the minds of his hearers. In his sermon Tuesday evening the scriptural idea of a complete conversion that we must go all the way with God instead of part way. One must be brought into the divine relationship by primary obedience and then continue faithful in other things until the end of life's journey.

Services are being held every evening at 7:30. This evening the evangelist will preach on the subject "The Sin of Adam and Eve."

What Is Back of the Advertising?

THAT'S a fair question for any clothes buyer to ask these days—and the thinking man will consider past performance before buying, for he knows that unsupported claims are a poor substitute for actual experience, great manufacturing facilities, and immense cash resources when it comes to producing good clothes at a low price.

We have been making good clothes for half a century; building a reputation for dependable quality and outstanding value.

Today, with the world's largest direct-from-factory sales volume, and our unmatched manufacturing facilities, we have reason to believe that the new fall suits and topcoats we are now showing not only represent the greatest value to be found anywhere at our price — but the greatest money's worth you ever bought in all your days.

You will see reflected in Richman's Clothes for fall the experience, resources, and care that have entered into their production.

State Treasurer Opposes Issues

State Treasurer Lewis Does Not Favor Proposed Bond Issues

ADVOCATES PLAN OF "PAY AS YOU GO"

(From News Bureau)
(State Capital)

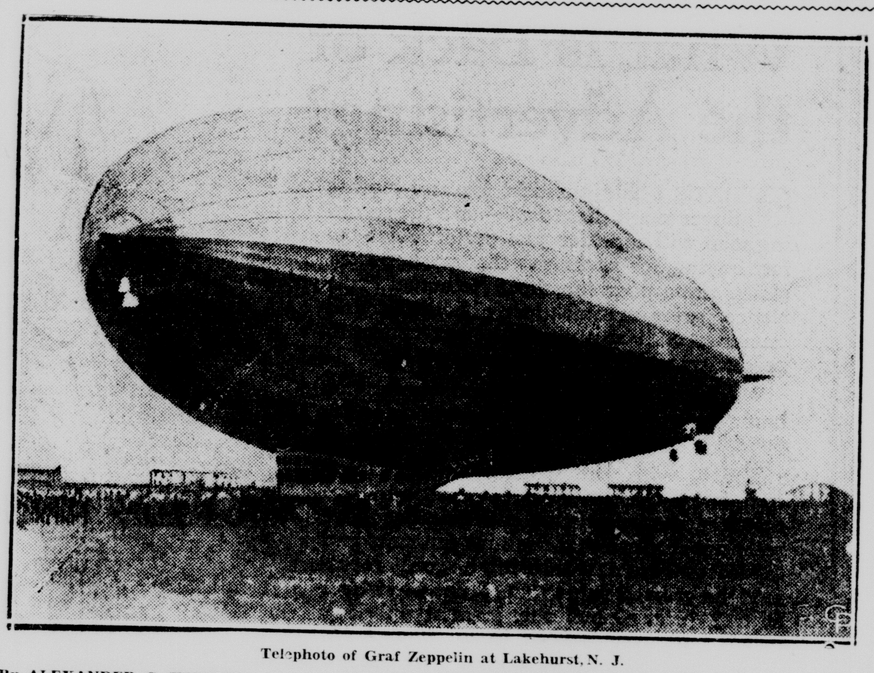

HARRISBURG, Oct. 24.—If the electorate of Pennsylvania on November 6 turns down the five proposed constitutional amendments for the state to borrow $138,000,000 it will largely be through the efforts of one individual. State Treasurer Samuel S. Lewis has been waging a lone campaign against the bond issues.

Opposing him are sportsmen's groups, State college alumni, friends of welfare institutions, paid propagandists and numerous other agencies. Mr. Lewis is not opposed to the beneficiaries of the bond issues but he favors a "pay-as-you-go" plan as against borrowing money.

His position has been given partial endorsement by Governor Fisher who in a recent letter says that current revenues and the estimated cash balance of $25,000,000 will go a long way toward meeting the needs of the various interests affected by the loans. While the state treasurer opposes all five of of the bond issues Governor Fisher is inclined to favor the passage of the $50,000,000 road loan.

The state treasurer will not remain silent on the bond question between this and election day. He is scheduled to give a speech in Philadelphia this week when he will discuss the question as a whole. Mr. Lewis also is likely to have something more to say later about the road loan in particular.

Traveling Via Big Zeppelin Pictured As Bit Confining

Telephoto of Graf Zeppelin at Lakehurst, N. J.

By ALEXANDER C. HERMAN
Staff Writer for Central Press and New Castle News.

LAKEHURST, N. J., Oct. 18—If you need some pep just ride a Zep! For enroute you undoubtedly will get rid of whatever ails you.

Those who diet certainly should try it. (Another selling point which may be used in promoting bigger and better transoceanic-aerial cruises.)

But there is one angle that is a poseur: the tourist who ships to sea in the old-fashioned way takes his legs with him. In time, even if the weather is pretty rough, he gets his sea-legs and enjoys the remainder of the trip. But what is the poor air traveler to do, when it is wings that he needs. All of which is not of major importance to engineers, officers and statesmen who weigh the future of aviation. But there are serious thoughts which arise in minds of potential customers who witnessed the end of the Graf Zeppelin sample tour across the ocean.

Zep Confining.

When a steamer traveler begins feeling woozie he can leave the dining room far behind him. If necessary he can climb a mast head, or he can bury himself in the coal heap way down in the engine room.

But on a Zep he can't roam too far or else he will make a complete fadeout.

And if the passenger is a smoker he certainly is out of luck for rauchen ist verboten, suicide and murder rolled in one.

Deckwalkers haven't a chance, for one must be a trapeze performer to get about the outer portions of the Zep. And shuffle-board fans and deck tennis nuts may as well stay home and play tiddledy-winks and barn-yard golf.

And there's the matter of cameras. With a world wised up by poster advertisements every traveler has learned to picture as he goes. But what can one picture on a long distance trip through the clouds? To the dizzy one cloud looks pretty much like another and all clouds snapped by amateurs look life fog. But, of course, there are some compensations. The air traveler can leave behind gracefully many useless parting gifts presented by loving friends in hope that there will be a come-back. Baggage limits are very stringent on board a Zep. But the same token one can come back with fewer return gifts (this may be a greater factor in travel than glimpsed at first blush) for the number of leather bound zipper locked, my trip abroad books, which are dumped overboard within three-mile limit, may have something to do with the tidal wave hurricanes.

Thick as Flies.

With Great Britain getting two airships, the United States ordering another couple, and Germany riding on high, the air may soon be thicker than the subways during the rush hour. Ship news reporters will become airship reporters and the revenue cutters which go down the bay to meet all incoming steamers may have to sprout wings. It may be high living for some, but there will still be a raft of us who will rather be down—looking up.

Carnes Now Held Under Eighteen Court Charges

(International News Service)

ATLANTA, Ga., Oct. 24.—Another indictment—the 18th—was returned by the Fulton county grand jury on Tuesday against Clinton S. Carnes, treasurer of the Baptist Home Mission board, accused of embezzling nearly $1,000,000 from the board.

The latest bill charged embezzlement of bonds valued, according to the current market, at $12,908.88 and appropriating the proceeds to his own use.

Solicitor General Boykin stated there would be no increase in Carnes' $150,000 bond. Other indictments will be sought, Boykin declared.

The Way of the World

By GROVE PATTERSON

FORGETFULNESS

One of the most difficult things for us to do is to forget the things we ought to forget. Many think they have poor memories and complain that they forget. But it is easier to remember than to forget. If you have suffered because of someone's thoughtless action — or even a thoughtless remark — you may forgive the offense. We can all forgive offenses, either serious or trifling. But it is so hard to forget, to smooth out the page as though nothing had ever been there. It takes such an apparently little thing to make such a lasting mark. There would be so much more happiness in life if only people could forget more easily. Forgiveness is easy. Forgetfulness is hard.

* * *

VOTE

The particular weakness of a republic is not to be expressed in the character of the men elected to office. The fault goes deeper. It lies in the widespread indifference of citizens. When we learn that only 50 per cent of the voters voted at the presidential election four years ago it does not prove that there is anything wrong with our form of government but it does prove that there is a lamentable lack of responsiveness on the part of an astonishing number of the individuals who compose the republic. We will get just as good a government as our interest warrants.

* * *

GROWTH

There is cause for some disappointment when we observe religious intolerance, especially on the part of those who by training and experience should know better. But there is no deep cause for discouragement. The world grows more tolerant, and rapidly so. In ages past men and women were tortured and burned at the stake by thousands because of their religious beliefs. Quakers and Catholics alike were punished by the early American colonists because they would not conform to the established church. There has been intolerance and indefensible punishment on both sides. Religionists have burned each other. No church has had a monopoly on severity. Today we talk a lot of intolerance, but we undoubtedly have a growing regard for the religious opinions of those who are not members of our creed. We do not put them in jail or take them out on the village commons and set a fire under them. Our injustice at least does not run into easily cruelty. The world does move a little.

OCTOBER

One gets a thrill out of spring—the first warm sunshine, blue sky, a sudden April rain, snappy air. New flowers are lovely, and trees fresh and green. It's pleasant to shake off the shell of winter, to come out and sparkle a bit. Spring is like youth—all things rather vivid and intense and often beautiful. But October—it is like middle age. Not so snappy as youth, but mellower, more serene, even happier. Youth does not know. Middle age, having tried both spring and fall, chooses October.

Burn Youngstown Domestic

COKE

coal in its most efficient form

Coke burns with a slower, steadier bed of flame, giving off an even uniform heat that keeps the temperature in the home appreciably more uniform. It requires less attention than coal—fewer trips to the furnace, less bother with drafts, and less stoking and shaking down.

Coke is cleaner—it burns without soot or smoke and is free from the grimy dust of coal which sifts through the house and is constantly tracked upstairs.

With coke you have abundant, uniform warmth with less furnace tending labor and a new degree of heating cleanliness. It is the ideal solid fuel for house-heating, as experience will convince you. 'Phone your dealer and order a supply of Youngstown Domestic Coke *now*.

Luxury *beyond your expectations*

The Packard Custom Eight Club Sedan

PACKARD CUSTOM EIGHT

KNOWING all that Packard has previously provided in fine car transportation, the heightened luxury of the new Packard Custom Eight has amazed the motoring world.

The characteristic beauty of Packard lines is refined and enhanced in the new Custom Eight. Deeper, more luxurious cushions—richly upholstered and scientifically designed for divan-like comfort—are provided. The famous Packard Straight Eight power-plant, with its sturdy, nine-bearing crankshaft, has been further refined—made still more powerful, smooth and responsive. But such improvements were anticipated.

It is the new Packard Shock Absorbing System, built into the chassis and oiled daily by Packard's Instant Lubrication System, which has surprised the industry and the fine car public. This unique System makes the Packard Eight literally and without qualification *the easiest riding car in the world*—as well as *the safest*. It provides driving ease and riding comfort so new and exclusive that there is nothing with which to compare it. And it must be experienced to be appreciated.

When will you drive the Packard Custom Eight as our guest? We want you to know the thrill of Packard Straight Eight performance; to know riding and driving comfort beyond your highest expectations.

Ownership may be easily arranged. We will fairly appraise your present car and accept it as cash. If of average value it may make or exceed the down payment. The remainder, if you wish to purchase from income as so many do, can be apportioned in convenient monthly payments.

THE PACKARD CUSTOM EIGHT is priced from $3175 to $3850 at the factory

Inaugurate New Teaching System At Shenango School

Grade Teachers Will Have But Half Of Former Preparations Now

School Will Have Soccer Team; Other Doings Of School

Grade teachers in the Shenango township consolidated school located near East New Castle will now have but one half their former study preparations to make since the inauguration of the new system of teaching.

According to the statement of Clare B. Book, principal, each teacher will teach their subjects in two rooms and the number of preparations will be reduced one half.

Formerly, one teacher taught every class in one room of one grade. It happens that there are two teachers for every grade class in the school and with the new system, each teacher will teach one half of the classes in both rooms.

There is much criticism of this system, states Mr. Book, but here, with but two rooms of each grade, both teachers will be able to know all of the pupils and understand their own particular cases which is not at all possible under this system in a large school.

The new system has been but recently inaugurated into the Shenango school and thus far has been working to the satisfaction of school officials and teachers.

It is thought, according to Mr. Book, that the lessening of preparations for each teacher will give them more time for outside study and recreation and in addition will also give more time to preparations which will undoubtably create a more efficient system.

Two hundred new fiction and reference books have just been received at the Shenango township consolidated school library. The books of fiction are those which are required on state reading lists for grade and high school pupils.

A number of reference books have also been acquired making the library for school purposes and that other libraries need not be visited to gather various materials in school work of any kind.

The school library is in charge of Miss Margaret Cowmeadow, English teacher, who is assisted by a number of upper class girls in the high school.

Opening of the New Castle-Ellwood City concrete highway has made travelling to and from the school much easier for some and has also made a greater convenience for the school buses, some of which were forced to travel the unimproved detour. On rainy days, it was exceedingly difficult for the huge buses to make the detour without halting. Buses are now getting to the school house 10 minutes earlier than while travelling the detour.

A soccer ball team is being organized among the boy athletes of the high school at Shenango. A new ball has been purchased and practices have started. The team is coached by Samuel McCullough.

It is expected that the team will play their first game with Union high school in the near future.

More than 100 persons attended the masquerade party of the freshman class which took place in the school auditorium October 19. The auditorium was decorated in Hallowe'en colors and all present were masked. Freda Sager and Harvey Brown won prizes offered for the cleverest costumes.

Practices are continuing on the minstrel which will be given by the boys' varsity club sometime in the early part of December. The exact date for this and the girls' bazar have not been announced as yet. Both will take place early in December.

FINE FOR CHILDREN!

Give them a good start in life, with happy smiles and healthy little bodies. Children need a mild corrective occasionally to regulate stomach and bowels. Dr. Edwards' Olive Tablets are a safe vegetable compound mixed with olive oil. They tone up and regulate the eliminative tract. Not a nasty cathartic or a habit-forming medicine, but a safe pleasant remedy for constipation, sour stomach, torpid liver, bad breath, and similar disorders. Dr. Edwards, a widely known family physician of Ohio, prescribed these tablets for many years in his own practice. Children from six years up are greatly helped by them and like to take them. Recognized by their olive color, Dr. Edwards' Olive Tablets overcome those irritable spells that many children are subject to, keep their bodies in active healthy condition, skin clear and eyes bright with the light of perfect health. 15c, 30c and 60c sizes.

McCutcheon Dies Of Heart Trouble In New York City

Famous Author And Novelist Drops Dead Tuesday At Luncheon

(International News Service)

NEW YORK, Oct. 24.—George Barr McCutcheon, author of "Beverly of Graustark" and other novels, dropped dead Tuesday while attending a luncheon of the Dutch Treat club at the Hotel Martinique. He was 62 years old.

McCutcheon was a former Indiana newspaper man and was formerly president of the Authors' League of America.

McCutcheon was one of America's foremost novelists, his books including "Brewster's Millions", "Cowardice Court", "The Man From Brodney's", "Truxton King", "The Butterfly Man", "Mt. Bingle" and "East of the Setting Sun."

He also contributed numerous short stories to magazines.

He was born in Tippecanoe county, Indiana, July 26, 1866. He was educated at Purdue university and married Marie Van Antwerp Fay in 1904.

Garage Man Is Believed Slayer Of Burned Body

Wife Disappeared Last Friday, Rings Are Identified

(International News Service)

BUTLER, Pa., Oct. 24.—J. Earle Jones, 38, proprietor of a garage here, was held in Butler county jail Tuesday in connection with the death of a woman whose charred skeleton was found in the ruins of a fire which destroyed an abandoned house near here.

County authorities said three rings and a watch found in the debris of the fire have been identified as those of Jones' wife, who has been missing since last Friday, the date of the fire.

The county officials, who believe the woman was murdered and her body thrown into the burning building, declare Jones has refused to talk about the disappearance of his wife and the finding of the burned body in the fire ruins.

Will Stage Parade At New Wilmington

Children Work On Costumes; Other News Of College Community

NEW WILMINGTON Oct. 24—With all the children in the college town working hard on their mummers costumes, Jack Hulme and the town committee composed of James Pitzer, Elmer Sharp and Rev. R. J. Neale have worked out many of the details of New Wilmington's safe and sane celebration for Hallowe'en night.

At 8 o'clock on Hallowe'en night the youthful mummers will gather at the center of the town and from there parade north, south, east and west. Following the parade an entertainment will be staged in the high school gymnasium. After the entertainment refreshments will be served and the prizes for the best costumes given out.

The program for the entertainment will be worked out by Jack Hulme and the committee.

FARMERS TO MEET.

A final meeting for the milk-producing farmers in the vicinity of New Wilmington is arranged for Friday evening in the local Community house. It will be decided at this meeting whether or not the necessary support will be given the Pittsburgh Dairy Co. so that they may establish a plant in the town.

NEW WILMINGTON NOTES.

The first session of the Women's Gym class in the college town was held Monday afternoon and a large representation of the town women reported to the instructor.

Dr. John Mitchell left here for Scranton where he will spend several weeks with friends and relatives.

Rev. J. A. McMains and his family of Cedar Crest, Ia., recently moved to the college town.

Earl Hutchison, New Wilmington mail carrier, returned to town yesterday after having been married in New Bedford on Saturday. Mr. and Mrs. Hutchison will reside on South Market street. Mrs. Hutchison was formerly Miss Harry of New Bedford.

School Principal Held In Cruelty

(International News Service)

DOYLESTOWN, Pa., Oct. 24—Clement C. Callin, 48, supervising principal of the public schools of Morrisville, near here, was charged Tuesday with beating Edward Walters, 10, a pupil, so severely he may suffer permanent injuries. Callin denies the charges.

Callin was arrested on a capias by Sheriff T. Hart Ross of Bucks county after he was charged in a civil suit filed in the common pleas court here of beating Walters up in a "vicious and malicious manner with a board on September 26, 1928." The alleged incident took place on a vacant lot near the school.

The boy's mother has filed suit asking $7,750 damages. Callin was freed in $1,000 bail to await trial at the January term of court.

Two Girls Held On Charge Of Larceny

NEW YORK, Oct. 24—Two 16-year-old Pennsylvania girls Tuesday were held in $5,000 bail for a hearing on a charge of grand larceny.

Eleanor Gaynor and Mary Mahalick of Summit Hill, Pa., are under arrest. Mrs. Ruth Greenwald of Brooklyn, who employed the Gaynor girl, says she missed $400 worth of silver after the girl left. The Mahalick girl came to visit here and the two left together.

The girls, according to police, admitted sending the silver to relatives in Pennsylvania.

Episcopal Church Approves Dry Law

House Of Bishops Votes Approval Of Prohibition Enforcement

ACTION TAKEN AT WASHINGTON, D. C.

Bishop Ward Is Leader In Movement At Meeting Tuesday

WASHINGTON, Oct. 24—The Episcopal church, through its house of bishops, at Tuesday's session of the 59th triennial general convention reaffirmed its approval of prohibition enforcement—but not without heated and bitter debate.

The stumbling block to the rapid passage of the enforcement resolution was the fear on the part of some bishops that such a stand would precipitate the church into the maelstrom of politics.

Bishop Thomas F. Gailor of Tennessee was a principal dissenter. He would not vote for "such a resolution" at this time, he declared, "for the simple reason that I am a Democrat."

"If this resolution is passed," he said, "it will undoubtedly be used as Republican campaign propaganda."

Debate Arises.

The debate arose when Bishop Ward of Erie, Pa., introduced a resolution reaffirming the stand of the 1925 general convention welcoming "the renewed efforts of the government" to enforce prohibition and calling upon the people of the Episcopal church to set a good example by obeying the prohibition laws themselves.

Some thought the word "renewed" had political implications" and it was deleted from the resolution, although Bishop Ward assured the assemblage that such implications were not intended.

"Nobody could construe the resolution as of political meaning," declared Bishop William T. Manning of New York. "Both major parties have declared for law enforcement.

"We cannot afford not to pass the resolution, because then the world will say we are receding from the position we took three years ago. The Church Temperance society will broadcast it to the world."

This temperance society was a few days ago declared by the general convention to have no standing in the Episcopal church. It is made up of Episcopalians but is not a part of the church organization.

Addition is Resented.

Bishop Coadjutor Green of Mississippi, a champion of the resolution, wanted to add to it the injunction for bishops, priests and laymen of the Episcopal church to set a good example by not breaking the law. This was resented by some as a "reflection" on those mentioned, and the addition was not made.

"Well, I don't know of any bishops who break the prohibition law, but I know plenty of priests, presbyters and laymen who do," Bishop Green declared.

BOY SCOUT Activities

HIGHLAND TROOP.

Tuesday evening, October 23, Highland U. P. church Troop 13 held their regular weekly meeting in the basement of the Highland church. Scoutmaster R. F. Davis presided with Assistant Scoutmaster Bott assisting. There was a very good attendance. Among the visitors were Scout Executive J. Lee Calahan, and John Tresser. The meeting was held in the new meeting room which the scouts had prepared and outfitted.

The honor of having the best good turn was awarded to Thomas Hawkins.

Following the opening ceremonies, the troop made scout plans for future activities.

Arrangements were made for the boys to make additional furniture for the meeting room and displays to be hung on the walls. The scouts were divided into groups of two's, each club will make a set of furniture which the room needs and donate it to the troop.

The troop committee is making arrangements for holding the troop Court of Honor, at which time the scouts will be awarded honors won this summer at camp or since camp was closed. There are now six active eagle scouts in the troop with several boys near that rank.

At the next meeting which will be held at the Highland church next Tuesday evening, the troop will have target practice, scout tests, and games in addition to the regular program.

Fatal Plunge Of New York Tots To Be Investigated

Medical Examiner Plans Inquest Into Strange Deaths By Falling

FATHER PROSTRATED, LIES IN HOSPITAL

Mrs. Milton Waldman Recovers Sufficiently To Give Version Of Tragedy

(International News Service)

NEW YORK, Oct. 24.—Police today had again abandoned the investigation into the deaths of Terrence and Benjamin Waldman, 4 years and 11 months old respectively, sons of Mr and Mrs. Milton S. Waldman and heirs of Benjamin Guggenheim, while Medical Examiner Charles Norris planned to open a formal inquest into the tragedy in his office this afternoon.

After reopening the inquiry and re-examining witnesses to the 13-story fall of the children from the roof of the Hotel Surrey last Friday, police announced the deaths were accidental. They had re-entered the investigation after Dr. Norris announced his plans for a thorough investigation saying he wished the facts in the case placed on record.

Mother to Testify.

In addition to questioning workmen who were employed nearby when the children plunged to their deaths, Dr. Norris will interview Mrs. Waldman to hear her version of how her sons slipped from her arms and fell over the two-foot parapet surrounding the roof top. Mrs. Waldman, who has been prostrated since the tragedy, informed Dr. Norris through her physician, Dr. Newton B. Walter, that she would be ready today to make a statement to him.

Dr. Norris will check testimony at the inquest against photographs and measurements taken on the hotel roof. He will submit his report to District Attorney Joab Banton tomorrow or the next day.

CLEVELAND, Oct. 24.—New York police should await the arrival from London of Milton Waldman, father of the two children who were killed in a fall from a 13-story building in New York last Friday before they close their investigation of the tragedy, Mrs. Ida Waldman, grandmother of the two little victims, declared at her home here today.

Were Separated.

Milton Waldman, assistant editor of the London Mercury, is in a London hospital, according to news dispatches, prostrated by shock suffered when he was informed of the death of his two sons.

He and his wife had agreed to separate, it was learned here, and it is believed that divorce proceedings had been filed in Paris.

Mrs. Ida Waldman, mother of Milton Waldman, said she believed her son might be able to shed some light on the case when he has recovered sufficiently to go to New York.

Details of the separation of the younger Waldmans could not be learned here, but they are said to have agreed to a divorce in Paris. There was some controversy over custody of the children, according to these reports, but it was tentatively agreed that the father and mother should each have one child.

Mrs. Milton Waldman is the daughter and heir of Benjamin Guggenheim, copper magnate, who died in the Titanic disaster.

The children had been separated from their mother since last May, it was learned here and had been reunited with her only a day before they were killed. The mother had just returned from London, where she left her husband.

Bailey Speaks Before High Commerce Club

Pledges Should Be Duplicated, States Pears

Agencies Need Money Now As Never Before, Declares Campaign Director

WILL TRY TO MAKE UP FORMER SHRINKAGES

If Residents Really Care For New Castle They Will Give To Chest

"Duplicate your last year's pledge," is the suggestion that has been given to the workers in the Community Chest campaign by Herbert Pears, campaign director, to be passed along to the subscribers to the campaign chest.

"If everyone will do this we will raise the $80,000 for the 1928-1929 budget and will partially make up the large shrinkage in the present year's chest.

At the present time there is a shrinkage or unpaid pledges of about $9,000," continued Mr. Pears. "This money was pledged to the institutions that make up the chest and if these pledges remain unpaid the agencies will lose that amount of the money that has already been promised them.

"It is hard to believe that any of the good citizens of the city of New Castle wish to deprive the agencies of the money pledged them, curtailing their work of charity to that extent, but that is the only result of the failure to pay of those who have made subscriptions and have paid only in part or not at all.

"With progress being made by the institutions in the chest toward more efficient and economical management, with amalgamations being made and more being planned this institutional work in the future will be more efficient than it has ever been in the past. This is the result that is to be desired by all and it is the people of the city who must pay. There is a tendency downward in chest budgets as the amount asked for the next year shows, but in order to meet the pledge for 1928-1929 a full chest must be realized. If every person will duplicate their pledge of last year, we will have enough with some over to apply on the shrinkage that is now present in the current year."

Mr. Pears concluded his statement with the remarks, that this year's slogan is absolutely expressive of the spirit of the people of New Castle and the chest: If residents here really care they will give. The degree of their consideration for the institutions in the chest will be judged by the way they give.

Refutes Charges Of Power Trust In Propaganda Spread

Woman Superintendent Of Public Instruction Denies Allegations

(International News Service)

WASHINGTON, Oct. 24.—Mrs. Josephine Corliss Preston, superintendent of public instruction in Washington today appeared before the Federal Trade Commission to refute charges that power trust propaganda was sent into the public schools of the state with her endorsement.

Mrs. Claire K. Tripp in charge of the Washington industries education bureau, which sent monographs into state schools testified recently the monographs were distributed in the schools with Mrs. Preston's approval. It was brought out at the time that Mrs. Preston received $150 from the education bureau.

Today Mrs. Preston asserted that while she read the monograph which was sent into the schools it was not her job to place it or not to place the pamphlets in the hands of students, since the state does not have state adoption of textbooks.

Federal Officers Arrest Two Clerks

Both Are Accused Of Taking Money From Special Delivery Letters

Robert J. McMinn, 414 Park avenue, and Russell C. Thompson, 809 State street, clerks in the New Castle postoffice, were taken into custody by Federal Postoffice Detectives Getchel and Kennedy of Pittsburgh, on charges of extracting money from special delivery letters. Several complaints had been received at the local office by persons who had sent money by special delivery letter and which had failed to reach its destination.

Postmaster Edwin W. Crawford informed the department of the mysterious disappearance of the money, with the result that McMinn and Thompson were apprehended.

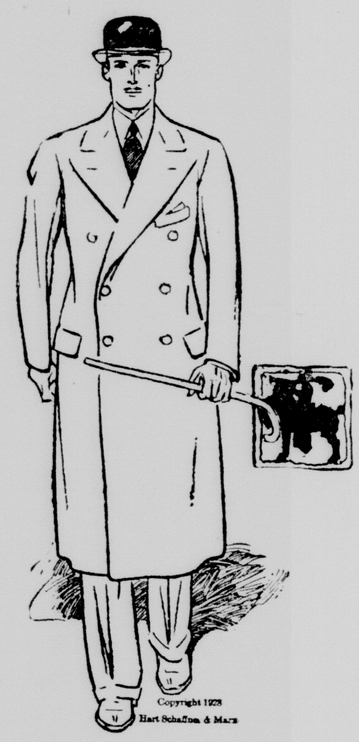

According to their reported statements the amount extracted from letters by both of them was not more than $100. They were taken to the federal office at Pittsburgh yesterday where bail is being arranged for them today. McMinn and Thompson are younger members of the clerical force.

Only recently The News published a warning sent out by the postoffice department, against the practice of patrons sending money in special delivery letters. The department provides the registered letter and the money order department for this purpose. If money sent through the money order or registered department is lost, the sender has a receipt to show that the money was sent and it can be recovered. It seems, however, that there are many people who do not take the precaution of money orders or registered letters, but place their money in special delivery letters. It was from these letters that it is alleged to have been extracted by McMinn and Thompson.

City Employes Must Devote All Time To Duties

Probabilities are that all city employes who give part of their time to other than city business will be asked to attend strictly to city duties during their working hours beginning soon, it was stated today by a city councilman.

According to the councilman he has learned that some employes give only part time to city duties. He believes that if their salaries are not commensurate with their duties, they should be paid a fair salary but forced to do no other than city work on city time.

Receive No Word About Application For Dale Marshall

Rotary Committee Hopes To Place Boy In Special Institution For Blind

No word has been received yet from the Western Pennsylvania School for Blind at Pittsburgh regarding the application of the Rotary crippled children committee for Dale Marshall, blind boy of New Castle for whom a public subscription was taken and who is now receiving hospital treatment here, states J. Lee Calahan, chairman of the committee in charge of the young man and the funds subscribed for him.

Certain physical examinations had to be made previous to the application for the entrance into the school. These have been completed, states Mr. Calahan, and the application has been made.

The boy is now beyond cure from blindness and deafness by an operation of any kind, states the committee, and the hope now is to place the boy in a school for blind persons where he may receive special education for the blind and the correct care.

If there are still more who would like to subscribe, they may give their money to any member of the Rotary committee which is composed of J. Lee Calahan, Rex Patch, Ray Hall, Walter Duff and William Caldwell.

The committee assures any donors that the money will not be directed in any course unless an investigation has been made and sufficient proof to warrant the payment of the money. In addition to this, the committee have resolved not make no payments for bills presented of the boy unless voted unanimously by every member. This makes a double assurance that the money will not be wasted in any way or misdirected.

Penna-Ohio Company Employes To Banquet

Victory In Accident Prevention Campaign To Be Celebrated Thursday

Employes of the Pennsylvania-Ohio system will banquet at noon and 6.30 p. m., Thursday at the First Christian church in celebration of an accident prevention campaign which has had far-reaching effects during the present year. The campaign will not be finished until December passes.

The banquet will be attended by C. S. McCalla, vice president, R. N. Graham, manager of railways, Mayor Gillespie, Police Chief Horner and C. C. Coulthard, division superintendent of the P.-O.

Each of the divisions, Trumbull, Sharon and New Castle have captured a contest and the campaign is now in the last three months of the final test.

Safety will be the keynote of the addresses.

SUGGESTS VOTING METHOD

The Editor:

Being a reader of The News, I see your county commissioners are in a quandary as to how all the electors will have a chance to vote when you have around one thousand in one precinct.

Here is a pointer as to how to do it: Take half of your alphabet in the poll books and make two sets of them, one from A to M and the other from Mc to Z. Then, put up a tent, or have an empty room next to the polling place, so that half of the electors can vote in one place and the remainder in the other. A sign should be put in front of the two polling places so that the people would know where to vote. Two election boards should be used.

City Engineer Reports That Summer Season Work Is Nearing Completion

Municipal Engineer Frank Miller today reported that contractors are making progress on municipal projects but that most of the work has been finished for 1928.

A sanitary sewer is half constructed in Cascade street and the Liberty street district sewer and ejector station is half completed.

Sewers have been built in Ashland and Liberty but only partially completed in Wayne street, he said.

The ejector station has been built to the "ground floor."

Miller also stated that views will be held in Garfield and Leasure avenues and Cascade street Thursday. The thoroughfares were graded.

The viewers also will visit Mulberry street to make another view he stated.

Airplanes-Ships To Combine For Speedy Crossing Of Ocean

United States To Europe In Two And Half Days Is Plan Of Ship Builder

Combined Passenger Service Will Expediate Travel To Great Extent

(Editor's Note:—This is the first of two articles on the future of steamship, airplane and dirigible travel as it affects the United States, based on an interview with one of America's most successful ship builders.)

By JAMES L. KILGALLEN
International News Service Staff Correspondent

(Copyright 1928 International News Service)

NEW YORK, Oct. 23. — United States to Europe in two and one half days—safely and comfortably.

This will be an actuality in the comparatively near future when a "conjunctive service" of fast steamships and airplanes is inaugurated, it was predicted in an exclusive interview today by Laurence R. Wilder, one of America's most prominent shipbuilders. Mr. Wilder is chairman of the Transoceanic Corporation of the United States and head of the New York Shipbuilding Corporation.

"Super-liners built for speed and comfort will make New York to Southampton, England, in four days flat," he said. They will be of a new design, with flat tops that will enable airplanes—and even a dirigible—to land upon and take off from. People who want to cross the ocean quicker than the four-day ship time can use the "conjunctive service"—that is, utilize the airplane as well as the steamship.

Seated at his desk in his office on the 28th floor of a New York skyscraper, Mr. Wilder outlined his conception of European travel of the future.

Speed Is Demanded

"Speed is the primary demand of travel today and the ocean liner of the future will be just as important an adjunct of trans-Atlantic air travel as the landing field is at present," he said. "From the earliest days of transportation, passengers, mail and valuable cargo sought the fastest means of transportation, regardless of cost of this transportation.

"I think the four-day liner will come soon—that is, fast ships of an entirely new design that will make dock to dock, New York to Southampton, England, in four days and on regular schedule. Our company is now contemplating the building of six of these ships. They will all be equipped wth airplane landing space."

"Say we have five of these speedy ships plying between New York and Southampton. A passenger in New York wants to get to Europe quickly. He looks at the schedule of one of the ships—say a ship that has left New York at 1 p. m. Monday and is due to dock at Southampton at 1 p. m. Friday. The ship is well out to sea.

"So he takes an airplane, say at 10 a. m., Tuesday. The plane will hop a distance of 1,000 miles and land on the ship at 5 p. m., Tuesday. The passenger has a cocktail or two, dinner, goes to bed, and spends Wednesday aboard ship. Thursday morning, 10 a. m., the ship is 1,000 miles from the coast of Europe. So he hops off at that hour and lands at London at 5 p. m. Thursday. He has made New York to London in two days and seven hours! The voyage has been a pleasure. He hasn't been on ship too long and the journey has been varied by two airplane hops."

Properly Built

Mr. Wilder said that properly built super-ships such as he outlined for four-day service would be perfectly O. K. for landings and take-offs. A plane can be stopped within a distance of twenty feet atop such ships because the plane and ship are moving in the same direction at the time of the landing. On land, planes run 1,000 feet or thereabouts before coming to a stop.

Four thousand successful landings were made on the S. S. Saratoga which Mr. Wilder recently turned over to the United States Government. Not only that, but a dirigible—the Los Angeles—was landed on the Saratoga a few months ago to prove, he said, that fuel and supplies could be landed and passengers exchanged.

"How many planes will these new four-day ships be able to carry?" he was asked.

"The normal complement of the Saratoga is one hundred planes," he replied. "These ships will be somewhat larger."

He asserted that the sea flights of the proposed ship-and-airplane service would be only 1,000 miles, the same distance as the New York-to-Chicago air mail flights. Ninety-nine per cent of these air mail flights were completed in 1927, he pointed out. Flying over sea, he said, "is easier than land."

"When we have five ships at sea we have five sea landing fields, not more than 600 miles apart," he declared.

The amphibian planes which will be used will be tri-motored and radio-equipped and each capable of carrying twenty passengers.

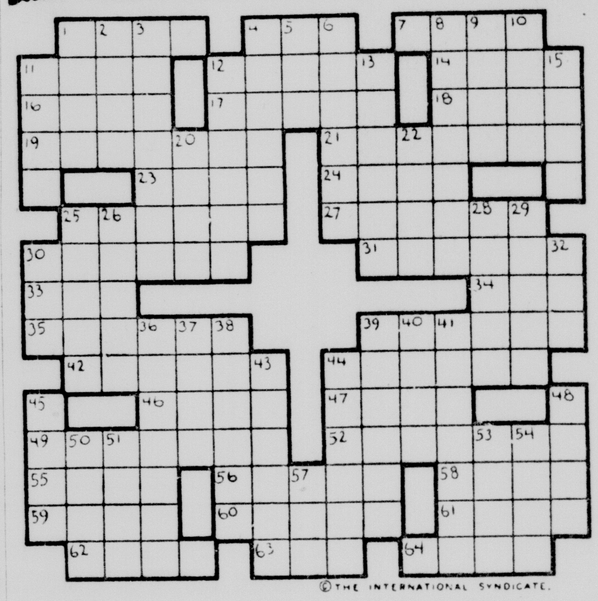

Mr. Wilder said he was seeking the acquistion of the United States line, bids on which will open November 15. If successful, he will use this line as the nucleus on which to start his organization on the fast-line project.

(Tomorrow's article will discuss the future of the dirigible as it will affect steamship travel to and from the United States.)

If a child of ten has sense enough to drive a car, it wasn't inherited from the parents who trust their car to a kid of that age.

Times change a little. When the cave man completed his education, he had a tiger skin as proof.

PETER'S ADVENTURES IN ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

THE LADY AND THE FROG.

"'If that dosn't beat the buzzard' said Cormorant. "Tells me to keep my opinions to myself when she asked me twice what I really thought. I wonder if she bird-pecks old Darter. Maybe that is one of the reasons he always seems to be sneaking off when he leaves you. He may have got into the habit of trying to get away without Mrs. Darter seeing him. If she is as mean as that around home I don't blame him. What a snappy lady bird she is anyhow!'

"'Now my dear fellow, that was not a nice thing to say. As a well brought up bird weren't you taught never to speak disrespectfully of a lady and certainly not behind her back? Mrs. Darter is all right when you know her. Poor woman! She has her claws full trying to take care of her children. How would you like trying to bring up a bird like a fish. I'd like to know? Darter doesn't stay around home much to help her. He is too lazy to do much except sleep and eat when he is there. No wonder she drives him off. I would if I were in her place. But I have the most wonderful husband—there isn't another like him in all America.'

"This time the speaker was a tall stately lady, dressed in green and brown but what Cormorant noticed the most about her were her slender legs. Daintily she picked her way among the marsh grass, lifting high first one foot and then the other. Her mouth too struck Cormorant as being very strange. Her back was long and curved like a half moon. Hop! Skip! A little frog came leaping along He saw something strange before nim and inquisitively went nearer to find out what it was. He had hopped to her feet when suddenly the stranger bent down and picked up Froggie with her bill and swallowed him whole. Cormorant saw the little fellow's legs kicking as he struggled to escape from her beak.

"'Yum, yum, but Froggie tasted good' continued the stranger, clicking her bill with joy. 'I hope I find another. It takes several frogs to make a good meal. Ever go frog hunting? It's lots of fun. I am so far above my feet that Froggie never sees me at all until I am upon him. Then it is too late. By the time he has discovered to whom the feet belong I have him.'

"'Who are you anyhow?' demanded Cormorant finding his voice at last. 'I never remember having met you before.'

"'Of course you don't. You never have. In fact I am not sure that you have ever heard of me. I told you that I had the best husband in America, didn't I? Well I do not believe that there is another male of his race over here—or a female either for that matter. Let me introduce myself—Mrs. Glossy Ibis, if you please!'"

Deer Park Hotel, Stopping Place Of Presidents, Will Be Sold

(International News Service)

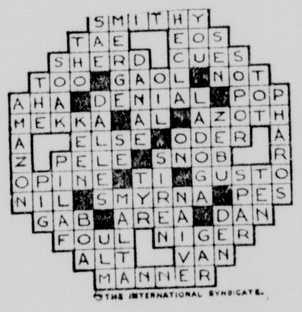

DEER PARK, Md., Oct. 24—An auctioneer in front of the Oakland courthouse will cry out the sale of historic Deer Park Hotel on November 7. The sale has been called under bankrupt proceedings.

The hotel had been the stopping place for many presidents including Grant, Hayes, Cleveland, McKinley and Roosevelt. For generations it had been recognized as a resort and persons from New York, Philadelphia and cities west as far as St. Louis came here.

Some time ago the Duncan Hotel Corporation purchased the property from the Baltimore and Ohio railroad. The corporation also held extensive holdings in Florida and it lost heavily because of the hurricane An assignment was made to the National Bank of the Republic of Chicago and Horace W. Hawkins, trustees. The sale is called to pay off approximately $600,000.

Cascara is Your Doctor's Choice

When physicians pronounce cascara the PERFECT laxative—why experiment with things that lash the system into action? Cascara, you know, is the bark of a tree. A natural and normal stimulus to the bowels.

The Indians, who used to chew this bark, had no word in their language that meant "constipation"!

Perfect regularity is possible today, and to all of us. We have cascara in ideal form; the very delightful-tasting candy Cascaret gives us pure cascara. It has helped at least a million people to habitual regularity. Millions of others, unfortunately, have stuck to stronger things and acquired only the laxative habit.

Your first Cascaret will demonstrate how THOROUGH this gentle laxative is, after all. Your next surprise will be the length of time before you need another. Eventually, you'll see that cascarizing tends to make the bowels move thereafter of their own accord!

A modern drugstore must stock many laxatives, but for your own good the druggist would rather have you ask for the inexpensive little box of Cascarets than anything else.

Hoover To Get Heavy Vote In South, Is Prediction Made By Mrs. Humphreys

Telling about the political situation Florida at the present time, and redicting a heavy vote for Hoover letter to The News was received is morning from Mrs. K. C. Humhreys of St. Cloud, Florida.

Mrs. Humphreys states that, if the bel Republican was not attached to erbert Hoover, she believes that he uld be sure of polling quite a large te throughout the southern states, t the label, she says, will prevent e old guard from voting for him.

Her letter follows:

The News:

New Castle, Pa.

First in this letter I wish to put somewhat belated acknowledgement d thanks to the unknown friend on ighland avenue, who made me their ent in getting substantial help to storm sufferer. On receipt of the oney I could only think of one famwho would measure up to the ecifications, "a storm sufferer." he Red Cross had already taken re of the damage to their roof, but left the bill with the pastor of my urch, knowing he could deliver it, us saving me a drive of ten or elve miles. The letters of thanks hich I received and forwarded told w timely was the gift.

The family consists of the father, n elderly German minister, his wife d I think six children. They range om a daughter, who is in training in the Orlando hospital, down to a small girl seven or eight years old. While the father is well educated and quite a linguist, speaking several languages he does not speak English well enough to hold an American pastorate and we have practically no foreigners here. They invested what they had at Kissimmee Park during the boom and are making a living with some cows, chickens and gardening on a small scale.

His letter of thanks said, "The money came in answer to prayer. We were without feed for our cows and hens but thought we would go into town anyway. And when we got to town there was the money waiting for us." Please let me add my thanks to his.

Birthdays among our fishing party come so frequently that we have adopted the plan of doubling and celebrate with one dinner all which occur in the current month. Mrs. McKay's occurred some weeks ago and she had all the honor and a birthday cake with red, white, and blue candles. Last week was Mr. Crum's birthday and on Sunday Mr. McKay's. We had everything in readiness to drive to Alligator lake after services to eat dinner when a shower threatened and we headed for McKays screened porch instead. The menu began with chicken and noodles and ended with birthday cake. We regretted that for lack of space we were compelled to omit the candles on the latter.

Mr. and Mrs. Isaac Newton, Orlando were in St. Cloud for the week end but owing to other engagements were not with us for the birthday dinner.

Mr. McKay, Harry McKay, Mr. Crum and some others spent a day at Sebastian Inlet last week with the results that we all had a good fry of salt water fish.

Politics is the absorbing topic of the day (and night) now. Florida is having a slight variation from her usual program. Under the old order everything was fought out in the Democratic primary, and success in the primary was equivalent to election. This year is different. Aside from antagonism to the head of the Democratic party, the Republicans are in the field with a rather husky infant party with candidates for Governor, state treasurer, senator and congressmen.

We have a non-partisan party in Osceola county with a full ticket of county officers. The Republicans have endorsed these and are working for them altho in separate organizations. Laws governing politics are numerous and faulty. The effort of the dominant party has been to shut out any and all opposition, and they have been so zealous in that effort that they have come near tying themselves up past functioning. Results are hard to forecast. While there is much opposition manifested towards Smith, it is impossible to tell how much of the opposition will crystallize into votes for Hoover. Could he be set out as a personality he would be sure of the votes of several southern states, but he will suffer from his Republican label. The old school southerner certainly hates that label

Aside from the two major parties we have a Socialist and a Communist party in the field. We do not have the Australian ballot so we are faced with twenty four electors each to be voted for separately and the puzzle will be to pick the six we wish to vote for from among the rest. The chances seem to be good for a heavy vote for Hoover, and the Republicans are working hard to send one of their party to congress. Mrs. Owens would, I think have a better chance for election should she come out against Smith but of course cannot do so. She has lost ground since the national convention.

The fall migration from the north is well under way and the town is filling up rapidly. Rev. and Mrs. Heazelton formerly of Ellwood City, came in yesterday and are both looking well. I have met Mrs. Nick Billo's mother and sister frequently of late and they are looking forward with keen pleasure to having the Billo's back soon. The weather is still quite warm through the day with cooler nights. The rainy season is abating somewhat and we now and then have one or two days without a shower. The level of the lakes is slightly lower and grove men are beginning to disc their groves. Fruit is beginning to turn yellow but none has been shipped from here yet I think.

Corns

Lift Off—No Pain!

Hard corns, soft corns, corns between the toes and callouses lift right off! You'll laugh—it is so easy and doesn't hurt a bit!

Just drop "Freezone" on any tender, touchy corn. Instantly it stops aching; then shortly you just lift that old bothersome corn right off with your fingers. It works like a charm, every time. Seems magic!

A tiny bottle of "Freezone" costs only a few cents at any drug store. Try it!

New Castle Lions Hear Butler Club President Speak

Tells Of Activities Of Club In City Of Butler

King Lion W. I. Sipe of the Butler Lion's Club was present with his attendants at the regular weekly meeting of the New Castle organization when it was held in the Elks Club Tuesday. King Lion Sipe made the chief address of the meeting, speaking on "What Our Lions Club Has Done and Is Doing in Butler".

With President Sipe were other members of the Butler club's board, including E. E. Findley, secretary; J. G. Almstead and Richard Reider.

Preceding the noon address Attorney Clyde Cooper spoke in behalf of the Community Chest organization. He asked for the wholehearted support of the entire club.

One new member was welcomed into the Lions organization at this meeting. He was W. C. Gilmore, druggist, of this city.

Wine Brings Life Says 105 Year Old

(International News Service)

VIENNA Oct. 24.—Good wine means a good old age according to Simon Steiner who has recently died here after passing the century mark by five years.

Simon was a wine merchant by trade and liked his own merchandise as well as his clients. Until a year ago his daily ration was two quarts of pure wine and his health was perfect.

Following a slight indisposition he stopped drinking and immediately became weak, finally went to bed and died declaring that it was water that killed him.

Oratorio Society Starts To Practice

Westminster Collegians Will Render Hallelujah Chorus This Winter

(Special To The News)

NEW WILMINGTON, Pa., Oct. 24.—Members of the oratorio society at Westminster college start tomorrow evening to rehearse the "Hallelujah Chorus" which the society plans to present some time this winter under the direction of Alan B. Davis, director of the conservatory.

This society, composed of members of the men's and women's glee clubs, takes the place of these two organization. The society plans to present at least two oratorios during the year, the second to be a feature of the commencement week in June.

Orcrestra practice on Monday evening brought out 20 student musicians who are hard at work on Beethoven's "Fifth Symphony," Bachs' "Air of Strings," and "Indian Lament," arranged from an Indian folk song by Dvorak.

On Friday evening of this week, the regular choir rehearsal will be held in the United Presbyterian church. Professor Davis announced yesterday that all positions in the chapel choir are filled with the exception of the bass and tenor sections.

Spanish School Boys Try Bull Fighting

Two Youths Do Much To Revive Interest In National Sport

(International News Service)

BARCELONA, Oct. 24.—An attempt to revive the past glories of the bullring is being made in Spain by means of two schoolboys Manolo and Pepe Mejias, aged 15 and 14.

Since Gallito, Spain's greatest matodor of recent years met his death in the bull-ring it has been generally felt in Spain that the days of the bullfight were numbered.

Now, however these two schoolboys, descendants of a long line of bullfighters, have suddenly stepped into the arena and have won even the aplause of the veteran toreador idols of yesterday.

Manolo and Pepe Mejias' names are on every one's lips and their photographs in all the Spanish newspapers. When they killed six young bulls in the Monumental bull-ring in Barcelona the other day there was not a place to be had in the vast building.

Yale Gets $20,000 For Scholarships

Yale School Of Forestry Gets Money For Fellowships

(International News Service)

NEW HAVEN, Conn., Oct. 24.—Twenty thousand dollars to be used for scholarships or fellowships in the school has been given by the Yale School of Forestry by Mrs. William H. Sage of Albany, N. Y., as a memorial to her husband, William Henry Sage who once gave Yale $300,000 that was used to build a forestry school building in memory of his son DeWitt Linn Sage. The senior Sage graduated at Yale in 1865, his son in 1897.

Yale School of Forestry was almost the first sort in the country having been founded in 1900 and ranks with the schools of law, medicine and other graduate schools in the University here. Col. Henry S. Graves is dean of the school.

300,000

3,000,000

IN 1920 the number of American families owning more than one car was about 300,000.

Today the families owning a second or third car are estimated at 3,000,000.

While the number of cars in use has doubled since 1920, the increase in "two-car" ownership has been tenfold!

This is a sound economic development. Two-car ownership provides the transportation needed by the man in business and gives to his family larger companionship and widespread opportunities. No other possession costs so little in proportion to the benefits conferred.

A thrifty way to enjoy two-car ownership is to buy a used car for your second car.

The used cars offered by General Motors dealers vary in name, body style and price. But each has a value to some family—and particularly to a family needing a second or third car to meet the requirements of all its members.

Examine the stocks of used cars in the hands of General Motors dealers and, when you find the car you want, buy it on the convenient GMAC Payment Plan.

ELECTION PROCLAMATION!

GOD SAVE THE COMMONWEALTH!

In performance of the duty imposed upon me by the Constitution and Laws of the Commonwealth of Pennsylvania, especially by the Acts of the General Assembly approved June 10th, A. D. 1893, and its amendmens and supplements.

I, Harrison M. Reynolds, High Sheriff of Lawrence County, Pa., do hereby make known and give this public notice and proclamation to the election of said county and the City of New Castle, a city of the third class, that an election will be held in the several election districts in said county and city, as the same are established by law at the several places hereinafter mentioned.

TUESDAY, NOVEMBER 6th, 1928

next, at which time the said electors will vote by ballot for the officers hereinafter named, and the following proposed Constitutional Amendments.

To vote a straight party ticket, mark a cross (X) in the square, in the first column, opposite the name of the party of your choice.

A cross mark in the ssuare at the head of a group of presidential electors, opposite the name of a party and its presidential candidates, is a vote for all the electors of that party, **but for no other candidates.**

A cross mark in the square opposite the name of any candidate indicates a vote for that candidate.

To vote for a person whose name is not on the ballot, write or paste his or her name in the blank space provided for that purpose. This shall count as a vote either with or without the cross mark.

To vote for an individual candidate for another party after making a mark in the party square mark a cross (X) opposite his or her name.

For an office where more than one candidate is to be elected, the voter after marking in the party square, may divide his or her vote by marking a cross (X) the right of each candidate for whom he or she desires to vote. For such office votes shall not be counted for candidates not individually marked.

The following is a list of all nominations made as provided by law, to be voted for in said County.

PROPOSED AMENDMENTS TO THE CONSTITUTION

PROPOSED AMENDMENT TO THE CONSTITUTION NO. 1——Shall Section Twelve of Article Three of the Constitution be amended so as to read as follows?

PROPOSED AMENDMENT TO THE CONSTITUTION NO. 3——Shall Article Nine of the Constitution be amended by adding thereto Section Sixteen which reads as follows?

Section 16. In addition to the purposes stated in article nine, section four of this Constitution, the State may be authorized by law to issue bonds, to the amount of twenty-five millions of dollars, for the purpose of acquiring land in the State for forest purposes.

PROPOSED AMENDMENT TO THE CONSTITUTION NO. 4——Shall Article Nine of the Constitution be amended by adding thereto Section Seventeen which read as follows?

Section 17. In addition to the purposes stated in article nine, section four of this Constitution, the State may be authorized by law to issue bonds, to the amount of five millions of dollars, for the purpose of acquiring and erecting buildings and equipping the same for the use of the Pennsylvania National Guard.

PROPOSED AMENDMENT TO THE CONSTITUTION NO. 5——Shall Section One of Article Nine of the Constitution be amended so as to read as follows?

All taxes shall be uniform, upon the same class of subjects within the territorial limits of the authority levying the tax; and shall be levied and collected under general laws; but, in the case of inheritance taxes, exemptions as to subjects of taxation or as to amount may be granted by general laws; and the General Assembly may, by general laws, exempt from taxation public property used for public purposes, actual places of religious worship, places of burial not used or held for private or corporate profit, and institutions of purely public charity.

PROPOSED AMENDMENT TO THE CONSTITUTION NO. 6——Shall Section Eleven of Article Eight of the Constitution be amended so as to read as follows?

Townships, and wards of cities or boroughs, shall form or be divided into election districts of compact and contiguous territory, in such manner as the court of quarter sessions of the city or county in which the same are located may direct; but the courts of quarter sessions, having jurisdiction therein, shall have power to divide or change the boundaries of election districts whenever the court of the proper county shall be of opinion that the convenience of the electors and the public interests will be promoted thereby.

PROPOSED AMENDMENT TO THE CONSTITUTION NO. 7——Shall Article Nine of the Constitution be amended by adding thereto the following new section?

Section 16. The General Assembly may authorize the city of Pittsburgh to levy special assessments against both abutting and non-abutting property, peculiarly benefited, for the payment of any public improvement whatsoever; to lay out and build as additional public improvements, for the payment of which properties peculiarly benefited shall be liable to special assessments, rapid transit railway systems, drainage and sewage systems, flood protective works, wharves, piers and quays, highway tunnels and bridges, and underground and overhead streets supplementing original streets or street systems; to levy general and special taxes and special assessments therefor either before or after the laying out and construction thereof; and to provide that all special taxes and special assessments so levied, whether payable presently when so levied or in installments over a period of years, shall be credits or offsets to indebtedness incurred for such purposes in calculating the debt of such city; to provide for the use and operation of any rapid transit system by private corporations organized for that purpose. No law passed in pursuance hereof shall authorize the construction of any rapid transit railway system, flood protective works, wharves, piers or quays, highway tunnels or underground or overhead streets, unless at a public election held therefor a majority of the electors voting thereon shall consent thereto.

PROPOSED AMENDMENT TO THE CONSTITUTION NO. 8——Shall Article Nine of the Constitution be amended by adding thereto the following section?

Section 16. The debt of any city of the second class shall never exceed ten per centum upon the assessed value of the taxable property therein, nor shall any such city of the second class incur any new debt or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property without the consent of the electors thereof, at a public election, in such manner as shall be provided by law.

PROPOSED AMENDMENT TO THE CONSTITUTION NO. 9——Shall Article Nine, Section Four of the Constitution be amended so as to read as follows?

Section 4. No debt shall be created by or on behalf of the State except to supply casual deficiencies of revenues, repel invasions, suppress insurrection, defend the State in war, or to pay existing debt; and the debt created to supply deficiencies in revenue shall never exceed in the aggregate at any one time one million dollars: Provided, however, That the General Assembly, irrespective of any debt, may authorize the State to issue bonds to the amount of one hundred and fifty millions of dollars for the purpose of improving and rebuilding the highways of the Commonwealth.

PROPOSED AMENDMENT TO THE CONSTITUTION NO. 10——Shall Article Nine of the Constitution be amended by adding thereto the following section?

Section 19. In addition to the purposes stated in article nine, section four, of this Constitution, the State may be authorized to issue bonds to the amount of fifty millions of dollars ($50,000,000), for the acquisition of lands and buildings and the construction and improvement of State-owned buildings and the equipment thereof, for the care and maintenance of penal offenders, delinquents, mental defectives, epileptics, and persons mentally diseased.

PROPOSED AMENDMENT TO THE CONSTITUTION NO. 11——Shall Article Nine Section Eight of the Constitution be amended so as to read as follows?

Section 8. The debt of any city, borough, townships, school district, or other municipality or incorporated district, except as provided herein and in section fifteen of this article, shall never exceed seven (7) per centum upon the assessed value of the taxable property therein, and the debt of any county except as provided section fifteen of this article shall never exceed ten (10) per centum upon the assessed value of the taxable realty therein, but the debt of the City of Philadelphia may be increased in such amount that the total city debt of said city shall not exceed fourteen (14) per centum upon the assessed value of the taxable realty therein, nor shall any such county, municipality, or district incur any new debt or increase its indebtedness to an amount exceeding two (2) per centum upon such assessed valuation of taxable realty in the case of counties, or taxable property in the case of other municipalities or districts, without the consent of the electors thereof at a public election in such manner as shall be provided by law; but the city of Philadelphia may incur any debt or increase its indebtedness to an amount not exceeding three per centum of the valuation of taxable realty in said city without the consent of the electors. In ascertaining the borrowing capacity of the city of Philadelphia at any time there shall be deducted from such debt so much of the debt of said city as shall have been incurred or is about to be incurred and the proceeds thereof expended or about to be expended upon any public improvement, or in the construction, purchase, or condemnation of any public utility or part thereof or facility therefor to the extent that such public improvement or public utility or part thereof, whether separately or in connection with any other public improvement or public utility or part thereof, may yield or may reasonably be expected to yield revenue in excess of operating expenses for or towards the payment of the interest and sinking-fund charges thereon. The method of determining such amount so to be deducted shall be prescribed by the General Assembly.

In incurring indebtedness for any purpose the city of Philadelphia may issue its obligations, maturing not later than fifty (50) years from the date thereof, with provision for a sinking-fund sufficient to retire said obligations at maturity; the payment to such sinking-fund to be in equal or graded, annual, or other periodical installments. Where any indebtedness shall be or shall have been incurred by said city of Philadelphia for the purpose of the construction or improvements of public works or utilities of any character from which income or revenue is to be derived by said city or for the reclamation of land to be used in the construction of wharves or docks owned or to be owned by said city, such obligations may be in an amount sufficient to provide for and may include the amount of the interest and sinking-fund charges accruing and which may accrue thereon throughout the period of construction and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred, and said city shall not be required to levy a tax to pay said interest and sinking-fund charges, as required by section ten, article nine of tthe Constitution of Pennsylvania, until the expiration of said period of one year after the completion of said work.

PROPOSED AMENDMENT TO THE CONSTITUTION NO. 12——Shall Article Nine of the Constitution be amended by adding thereto a section which reads as follows?

Section 1 B. Taxation laws may grant exemptions or rebates to residents, or estates of residents, of other States which grant similar exemptions or rebates to residents, or estates of residents, of Pennsylvania.

PROPOSED AMENDMENT TO THE CONSTITUTION NO. 13——Shall Article Eight Section Seven of the Constitution be amended so as to read as follows?

Section 7. All laws regulating the holding of elections by the citizens or for the registration of electors, shall be uniform throughout the State, except that laws regulating and requiring the registration of electors may be enacted to apply to cities only, provided that such laws be uniform for cities of the same class, and except further, that the General Assembly shall, by general law, permit the use of voting machines, or other mechanical devices for registering or recording and computing the vote, at all elections or primaries, in any county, city, borough or township of the Commonwealth, at the option of the electors of such county, city, borough or township, without being obliged to require the use of such voting machines or mechanical devices in any other county, city, borough or township, under such regulations with reference thereto as the General Assembly may from time to time prescribe. The General Assembly may from time to time prescribe the number and duties of election officers in any political subdivision of the Commonwealth in which voting machines or other mechanical devices authorized by this section may be used.

PROPOSED AMENDMENT TO THE CONSTITUTION NO. 14——Shall Article Fifteen of the Constitution be amended by adding thereto a new section to be known as Section Four thereof?

Section 4. The General Assembly is hereby authorized to provide for the consolidation of the county, poor districts, cities, boroughs and townships of the county of Allegheny, and the offices thereof, into a consolidated city and county, with the constitutional and legal capacity of a municipal corporation, to be known as the City of Pittsburgh, and to provide for a charter for its government. The said charter shall be submitted to the electors of said county, at a special election to be provided for therein. If the majority of the electors voting thereon, in the county as a whole, and at least two-thirds of all the electors voting thereon in each of a majority of the cities, boroughs and townships thereof, vote in the affirmative, the act shall take effect for the whole county. If rejected, the said charter may be resubmitted to the electors in original new or modified form, at any subsequent election until adopted.

It shall be competent, subject to the police power of the State, for the Legislature to provide in said charter:

1. For the exercise, by the consolidated city, of all the powers and duties vested in the county of Allegheny, and the poor districts thereof, and such other powers appropriate to a municipality as may be specified therein, except such powers as are specifically reserved by this section to the municipal division herein provided for.
2. For the election, by the people of the consolidated city, of a board of commissioners, the number to be fixed by the charter, in lieu of present county commissioners, in which board shall be vested all the powers of the consolidated city and county, except as otherwise provided in the charter.
3. For the organization of a government for the consolidated city and county, and for the election or appointment of the constitutional and other necessary officers thereof, and for their powers and duties.
4. For the organization of all courts, other than those of record, in the consolidated city, and for the procedure thereof, and for the appointment of judges and officers thereof, which courts shall exercise the jurisdiction, powers and duties of the magistrates, aldermen and justices of the peace and such other powers as may be conferred by law.
5. For the transfer to the consolidated city of the property and indebtedness of the county of Allegheny, and the poor districts thereof, and of such property and indebtedness of the cities, boroughs and townships thereof as relate to the powers and duties of said consolidated city, and to provide for an equitable adjustment and payment of such indebtedness, and for this purpose, any taxation therein shall be uniform taxation within the meaning and intent of other provisions of this Constitution.
6. For the assessment of property for taxation, the levying and collection of taxes, and the payment of the cost of any public improvement, in whole or in part, by special assessment upon abutting and non-abutting property materially benefitted thereby, and, for this purpose, real estate so charged shall be classified as urban, suburban and rural, and assessments made in accordance with such classifications.
7. For the creation, by the boards of commissioners, of districts for the purpose of regulating the location, height, area, bulk and use of buildings and premises.
8. For the creation, by the board of commissioners, of special districts for the purpose of acquiring, constructing, maintaining, operating or contracting for, any public property, work, improvement, utility or service, not for the exclusive benefit of any one municipal division, and for the payment of the costs and maintenance of such property, work, improvement, utility or service there may be special taxes levied throughout such special districts respectively, separate and apart from the general city tax:

Provided, however, That it is the intent of this section that substantial powers be reserved to the cities, boroughs and townships situated in Allegheny County. To this end the charter shall provide for the continued existence of the said cities, boroughs and townships, as municipal divisions of the consolidated city, under their present names and forms of government, subject to the laws provided for government of municipalities of their respective forms and classes, except as provided in the charter, and with their present boundaries, provided that the city of Pittsburgh may be designated by a term other than city and may be divided into two or more municipal divisions, and that any two or more municipal divisions of the consolidated city may, with the consent of a majority of the electors voting thereon in each of such divisions at any general or special election, be united to form a single municipal division.

The said municipal divisions shall have and continue to possess the following powers:

1. The constitutional and legal capacity of municipal corporations, except as limited in the charter.
2. The power to lay and collect taxes and to incur indebtedness, subject to the limitations which are or may be imposed by law upon cities, boroughs or townships of corresponding classification, for the purpose of carrying out any lawful power of said divisions.
3. The power to acquire, own, construct, maintain, operate or contract for all kinds of public property, works, improvements, utilities or services, which shall be within the municipal division, and principally for the use and benefit of the inhabitants thereof, provided this power shall not be taken to include the construction and maintenance of through-traffic streets and bidges, tunnels, subways and appurtenances thereof, nor main or trunk lines for sewer, power and water service, running through more than one municipal division and designated as such by the board of commissioners.
4. The power to maintain a local police force, and local fire department, with the necessary buildings, appurtenances and equipment therefor, which may be supplemental to the police force and fire department of the consolidated city.
5. The power to establish a limitation of indebtedness for the consolidated city and the municipal division thereof, provided that the total of the indebtedness of the consolidated city and the municipal division thereof shall not, in the aggregate, exceed the limits of the total indebtedness allowed by the Constitution to the county and to the separate municipalities.
6. All other powers not specifically granted by the charter to the consolidated city: Provided, however, That a municipal division may surrender, by majority vote of the electors voting thereon at any general or special election, any of its powers to the consolidated city, subject to the acceptance thereof by the board of commissioners.

The said charter may be amended by the Legislature, subject to ratification by a majority of the electors of the consolidated city voting thereon at any general or special election: Provided, That no amendment reducing the powers of municipal divisions shall be effective unless ratified by a majority of the electors voting thereon in each of a majority of said divisions.

THE ELECTORS WILL MEET AT THE FOLLOWING DESIGNATED PLACES IN LAWRENCE COUNTY, PENNSYLVANIA, THE PLACES FOR HOLDING ELECTIONS.

Merchants Tender Tribute To Paper

Ellwood Ledger Staff And Employes Guests At Dinner Event

ELLWOOD CITY, Oct. 24.—Members of the merchants' division of the Chamber of Commerce tendered a complimentary dinner Tuesday evening in the dining room of the Immanuel Reformed church to the members of the Ellwood City Ledger.

J. J. McLaughlin acted as master of ceremonies and introduced J. W. Offutt, who gave the address of welcome. Mrs. F. E. Poister, widow of the late Fred Poister, a pioneer newspaper man of this community; D. C. Hancher, Victor Grove, Ben Hipsley and J. A. Gelbach, who took over the paper in 1919 and changed the name from the Ellwood Citizen to the Ellwood City Ledger, also spoke.

Mr. and Mrs. W. F. Kegel and their son W. F. Kegel were introduced as the honor guests of the evening and responded with a few words of thanks to the many kind remarks made concerning their efforts in this city. J. J. McLaughlin in introducing Mr. Kegel, Sr., stated that there was a man who had just achieved a great stride in newspaper work at an age when most men were looking for a soft place to retire into.

Special guests present besides the honor guests were S. Nieman of the Pittsburgh bureau of the International News Service, and H. F. Yeakel, western manager of the International Paper company, also of Pittsburgh. Regrets were read from Fred L. Rentz of The New Castle News and James Divine of New York of the Divine-Wallis corporation.

Covers were laid for 75 and seasonal flowers decorated the tables. At the close of the menu and speeches a tour of the Ledger plant was made.

Funeral Services For Motorcycle Victim On Tuesday

ELLWOOD CITY, Oct. 24.—Funeral services were held Tuesday for Alexander Irvine aged 24 who passed away Saturday evening as the result of an accident sustained on the Ellwood-New Castle road Friday when his motorcycle turned over inflicting severe injuries.

The services took place at the home on Hazel avenue with Rev. John King of the Bell Memorial church officiating. The deceased had been a resident of this city practically all his life. He was unmarried and left his father and step-mother, Mr. and Mrs. James Irvine, a sister Mrs. Taggert of East Palestine, O., and three brothers.

Members of his lodge acted as pallbearers and interment took place in the Locust Grove cemetery.

Colored Sextette Scores Hit Here

Rev. Graham Gives Interesting Discourse On Missionary Work In South

ELLWOOD CITY, Oct. 24.—The auditorium and ante-rooms of the U. P. church were crowded Tuesday evening when the colored sextette from Knoxville college and Rev. Graham from Tennessee entertained and enlightened the audience with a fine evening's entertainment.

Rev. Graham, a southerner, gave an interesting address on the work done among the southerners and also showed stereopticon slides illustrating his points.

The sextette occupied one-half hour of the program and presented a medley of old songs and negro spirituals, which were highly appreciated by the audience. The silver offering was used to defray expenses of the program which was under the auspices of the mission board of the church.

Romak-Nichols Nuptials Tuesday

ELLWOOD CITY, Oct. 24.—The marriage of Miss Esther Romak, daughter of Mr. and Mrs. Irvin Romak of Ewing Park, to John Nichols, son of Mr. and Mrs. John Nichols of this city, took place Tuesday evening in the parsonage of the Methodist Episcopal church with the Rev. Robert Little officiating.

The ceremony was a quiet one, witnessed by only members of the immediate families. The bride wore a charming traveling dress of vari-colored satin. The young couple will not take a post-nuptial trip at present, but are dividing their time between their respective families until a suitable apartment may be located.

The groom is employed at the Nichols Bakery, and the bride was affiliated with the Community Service league in the capacity of stenographer. Both young people graduated from the local high school, and their hosts of friends wish them well.

Mrs. H. D. Patterson Entertains Club

ELLWOOD CITY, Oct. 24. — Mrs. H. D. Patterson of Second street entertained the members of the Inter-City Bridge club at a pretty fall luncheon Tuesday afternoon.

Covers for twelve were laid at small tables centered with yellow and orchid pom poms, while large bouquets of the fluffy "mums" decorated the home.

The afternoon hours were devoted to bridge. Mrs. Schrier of Beaver Falls and Mrs. Bruce Hunter of this city, as special guests. At the conclusion of a pleasant interval, score honors went to Mrs. Frank Moltrup and Mrs. Hunter. The November meeting will take place at the home of one of the Beaver Valley members.

The Story Of The Hawaiian Islands U. S. Protectorate Proclaimed

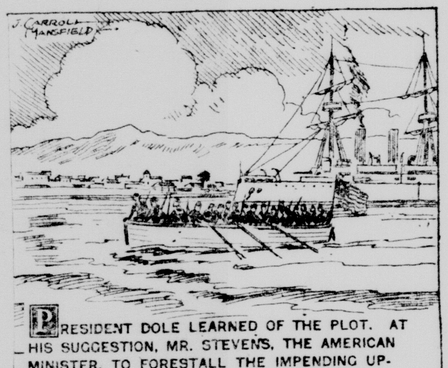

AFTER THE ABDICATION OF QUEEN LILIUOKALANI, THE REVOLUTIONISTS IN HAWAII SET UP A PROVISIONAL REPUBLIC, AND CHOSE SANFORD B. DOLE FOR PRESIDENT. THIS GOVERNMENT WAS RECOGNIZED BY THE UNITED STATES, ENGLAND, GERMANY AND FRANCE (1893).

THE HAWAIIAN REPUBLICANS FAVORED THE ISLANDS BECOMING A PART OF THE UNITED STATES, AND COMMISSIONERS WERE AT ONCE SENT TO AMERICA WITH THE OBJECT OF SECURING ANNEXATION.

HOWEVER, THE AMERICANS IN HAWAII WERE THE ONLY FOREIGNERS PLEASED WITH THE PROSPECT OF THE ISLANDS BECOMING AMERICAN TERRITORY. THE BRITISH AND OTHER FOREIGN PLANTERS OBJECTED AND, WITH SOME OF THE NATIVES, PLANNED A COUNTER-REVOLUTION TO OVERTHROW THE PROVISIONAL GOVERNMENT.

PRESIDENT DOLE LEARNED OF THE PLOT. AT HIS SUGGESTION, MR. STEVENS, THE AMERICAN MINISTER, TO FORESTALL THE IMPENDING UPRISING RAISED THE STARS AND STRIPES AT HONOLULU, DECLARED HAWAII A UNITED STATES PROTECTORATE, AND AT THE SAME TIME (FEB. 1, 1893), LANDED U. S. BLUEJACKETS AND MARINES FROM THE CRUISER "BOSTON" TO PREVENT ANY POSSIBLE DISORDER.

Towertown Is New Name For Chicago

Many Once Wealthy Men And Women Now Eke Out Livings As Clerks

WOMEN WEARING MORE JEWELRY THIS SEASON

By IONE QUINBY.
Exclusive Central Press Dispatch to The New Castle News.

Chicago, Oct. 24.—Tragic reverses in fortunes are found here and there in the city. It is no uncommon thing to find twenty-five-dollar-a-week clerks who were once millionaires, or hoboes who have known better days. It is more uncommon to find women, than men, reduced to penury after days of affluence.

Statistics show that women, no matter how luxurious, have that tenacity for holding on to the goose that lays the golden eggs. Many butterfly, or so-called georgette women, put away something for a rainy day. And women may lose their husbands, but they hang on for dear life to their husband's dollars.

The most notable transition from riches to poverty that I know of is the case of a milti-millionaire's widow, once the toast of Europe and owner of a Monte Carlo villa, who is scrubbing hotels for a living in Chicago's Loop. The only relics of her former grandeur are framed autographed photographs of King Edward VII and Queen Alexandria.

Once her dressing table held a forty-piece toilet set, and her jewels were guarded by private detectives. She was the friend of such notables as King Edward VII, Grand Duke Cyril, Count Tolstoy, William B. Leeds and Daniel G. Reed, the railroad magnate. The latter wanted to marry her.

As the bride of William B. Keep she was called the "most beautiful woman who ever came to Chicago." She was married in the old Hollenden House in New York, and Henry Ward Beecher's son was one of the wedding guests. Her husband at the time was a law partner of Frank O. Lowden. Now, even her relatives ignore her.

I'd like to drink a toast to her: "What ever she does—she does well!" The housekeeper of a hotel where she scrubs says she has never had a better scrub woman.

Clark Rodenbach, writer, man about town and favorite at parties, collects match-pack covers. He now has 1,746 varieties, representing 274 cities and towns. To show to what extent a collector will go: Clark was standing on a corner one wintry night when a man hailed a taxicab, holding aloft a "rare" match-pack cover. The man gave the address of a night club. By dint of keeping close to him and getting a table near him at the club the collector acquired the coveted pasteboard at 2 p. m., when it was discarded and dropped to the floor.

Chicago threatens to be known as "Towertown," that euphonious name now applied only to the art colony. Building codes decree that skyscrapers can only be built twenty stories high, same size as the ground area. After the twenty-story height, however, the sky is the limit, and towers may be built one-fourth the ground area. As a result towers are springing up as if by magic all over town. Tower space is the most sought after of downtown offices because of sunlight.

* * *

Chicago women, that is society dowagers, debutantes and butterflies, are wearing more jewelry this year than they have worn since the early nineties. I sat in one of those Aladdin's caves of jewels on State street, where diamonds are stored by the tens of millions, and allowed my fingers to run over $1,000,000 worth of diamonds. (There were folks watching me, and don't you think there weren't!) There were bracelets worth $50,000 and "up" with baguette diamonds and rosette clusters just kissing each other in the sunlight. Emerald rings were priced at $25,000 each.

And there are hundreds of women in Chicago who buy these diamond mines (or get somebody else to buy), the jeweler told me, who have never had a single line in the paper about them. Peggy Joyce's and Ganna Walska's jewel caskets wouldn't hold a candle to some of those along Chicago's gold coast, I was told.

Winner!

The artist friend who advised lovely Dorothy Cray, 254 West 12th St., New York City, to enter two recent beauty contests, is probably saying, "I told you so." She won both of them and a movie engagement into the bargain! Too bad, pictures can't show the loveliness of her skin and the gleaming beauty of her dark brown hair, points which, the judges say, swayed their decisions.

"When I consider how people admire my hair now and how different it was not long ago," says Miss Cray, "I can't help telling about it. Dandruff had nearly ruined my hair. It had gotten stringy, dull, and was falling out. My scalp was terribly uncomfortable. Then a friend got me started on this method of caring for the hair which is all the rage among New York girls. Now, I just put a little Danderine on my brush each time I use it. Since I have been doing this regularly, all dandruff has disappeared; my scalp has become perfectly comfortable and healthy; my hair has stopped falling out and has become soft, gleamy and pretty."

Danderine quickly removes that oily film from your hair, restores its natural color, gives it more lustre than brilliantine. It makes the hair easy to dress and keeps it in place. It stops dandruff. It isn't oily and doesn't show. At all drug stores, 35c. A delicately fragranced toilet necessity for the well-groomed girl.

Baby Wounded By Boy Accidently

(International News Service)

ATLANTA, Ga., Oct. 24.—A small-calibre rifle bullet piercing her abdomen, Sara Lee Burger, 29-month old daughter of Dr. and Mrs. E. H. Burger, was believed dying in a hospital Tuesday, apparently shot accidentally by her four-year-old brother.

The boy was too hysterical to tell details of the tragedy.

SEVEN DOCTORS FAILED: KONJOLA BROUGHT RELIEF

MR. JOHN B. HUNTER

Two Years Of Stomach Misery Terminated By Powerful New Medicine.

Like life-giving rain after a long drouth; like sunshine after the storm, Konjola, the new medicine, is proving a boon and a blessing to scores of sufferers, in New Castle and vicinity. Daily the Konjola Man is telling eager questioners about this wonderful remedy for troubles for the victims of the dreaded rheumatism and neuritis. Those who suffer are invited—urged—to see the Konjola Man at the Love & Megown Drug Store, 204 Washington Street, New Castle. Tell him your symptoms; he will show you what Konjola has done for hundreds who once suffered as you do, and who are now well. Read, for instance the statement Mr. John B. Hunter, 1116 Dewey Avenue, this city, made to the Konjola Man.

"You can imagine", said Mr. Hunter, beaming with new health and new interest in life," what I think of Konjola when I tell you that it restored me to health after seven doctors failed to do me the least bit of good. For two years I suffered from stomach trouble. Every bit of food I ate laid like a rock in the pit of my stomach, causing terrible pains. Constipation developed, and the strongest of laxatives were necessary. Finally even these failed partially, and I was in a serious condition.

"An acquaintance told me about Konjola, and though I was about disgusted with two years of failure, I thought I might as well take one more chance. Well, two bottles of this new medicine removed all my troubles. Think of that—after doctoring for two years without result except expense. I am better and stronger already than I was before my stomach trouble started, and you can use my name to anyone who suffers as I did. I'm certainly strong for Konjola".

Reports of quick permanent and surprising recoveries like this are old stories to the Konjola Man; he hears them every day, for the delighted users of Konjola are always so grateful for quick and, in many cases, unexpected relief, that they come back to tell what Konjola has meant to their health and happiness. It is only reasonable to presume that what Konjola has done for countless thousands of others it will do for you. All Konjola asks is the privilege of making you well.

The Konjola Man is at the Love & Megown Drug Store, 204 East Washington Street New Castle, where he is daily meeting the public and introducing and explaining the merits of this remedy.

Konjola contains juices from 22 plants—more than other medicines. It is a new compound that works with the sufferer's food, restoring more healthful action to the important organs (stomach, liver, kidneys and bowels) and producing new energy and glorious health in a natural way, thru the entire inner-system.

The Konjola Man

who is meeting large crowds daily at the Love & McGown Drug Store, 204 Washington street, New Castle, where he is personally introducing and explaining the merits of this advanced remedy.

WEIGH WHAT YOU DESIRE

If you over-weigh, the cause may not lie in over-eating or under-exercise. It may lie in a fault in nutrition which modern research has discovered. And which science now corrects.

The method is embodied in Marmola prescription tablets. People have used them for 20 years—millions of boxes of them. And many of the people you envy—with slender figures, new vivacity and health—will urge you to adopt this way.

The use of Marmola does not require abnormal exercise or diet. In every box you will find the formula, also the reasons for results. You will know just why your weight comes down and why every effect is helpful. Learn the facts, and do it now. Do so by asking your druggist today for a $1 box of Marmola.

In Five Million Homes Tonight

What will happen in *your* household tonight if Baby can't sleep, and won't stop crying? It may be serious, if you've only medicines meant for grown-ups. You needn't worry, if you have a bottle of Castoria. A few drops, and the little one is comforted; a few moments, and all is serene once more. Yet you have given nothing but a vegetable product which doctors approve for the tiniest babies. Just a gentle, soothing preparation the very taste of which tells you it is harmless.

Castoria is always a boon in the home where there are children of any age; for the little everyday ills, fretful spells, or any upset. And a blessing when a sudden attack of colic or acute constipation demands relief. Never be without Castoria; some mothers keep an extra bottle put away. Buy yours now, and have it always ready. But don't regard it as something you must save for emergencies. It is one thing a mother may use freely, as often as needed. A safe and sensible form of comfort for any baby, or twenty-five million bottles would not have been bought last year!

Children Cry for Fletcher's CASTORIA

Evangelist Cites Healing Factors

Says Perseverance, Determination And Humility Are Essential To Divine Aid

1,600 PERSONS HEAR INTERESTING SERMON

Evangelist C. H. Erickson heralded a new beginning for countless seekers of gospel truths at Everybody's tabernacle last night when he delivered his customary Tuesday evening sermon on the subject of divine healing. Rev. Erickson took up for discussion at that time another phase of spiritual healing, basing his remarks upon the two essentials necessary to receive bodily healing from God.

Taking as his text the 105th chapter of St. Matthew and commencing with the 21st verse, which bears the story of how the woman of Canaan brought her daughter who was vexed with a devil, unto Jesus, and how the girl was made whole again, after Jesus had tested the woman' faith and found it to be great, the evangelist centered his massage on those things which the woman of Canaan had, but which we today sadly neglect in seeking the Lord's goodness.

"Perseverance and determination," said Rev. Erickson in addressing the throng of 1,600 men, women and children, "are the two things that are necessary to receive healing from the divine power. "The faith of this woman of Canaan was outstanding. We don't know how she got it—but she had it nevertheless. Jesus was anxious to show her faith to many and was pleased with her testimonials. Nine-tenths of prayer is "stick-to-it-iveness; and this troubled woman certainly possessed it. She was determined to acknowledge Jesus as her saviour, so she persevered until she did.

"We must first make up our mind to accept God as the divine power in our lives, and to uncover our sin before him, before we can hope to go for aid. Some people ask much of God but are willing to give none. They will not submit their lives, which the Lord is constantly seeking.

"People cannot live in sin and continue to confess God as their saviour. The Lord will hear not the pleas of those who come unto him attempting to hide their sins. He knows our faults, and as he tells us that 'he who liveth in sin shall not prosper,' it is well to confess all and then promise that you'll take him.

"The devil is continually counter-attacking us. His purpose is to defeat God's plan, but his purpose is in vain when a person is sheltered with real faith and the perseverance to struggle against sin. If you're determined you can beat the devil.

"It takes humility to go to God and make the promise, that even as great as the woman passed through when she was looked upon as merely a dog. She took what Jesus said and used that as arguments for herself. She didn't claim her worthiness but only asked for the crumbs from the master's table. Why would God turn us away today if he accepted that woman, saying her faith was great. "This is my body broken for you," Jesus says, and through this all who humbly seek him can be healed or saved. If you're sick you can partake of his body, and know that he does heal."

Through the entire message, Rev. Erickson emphasized perseverance, determination and humility, factors that are necessary to cast off the devil and through which bodily healing from the divine above can only be had.

The service was featured by an inspirational song service led by Mrs. Erickson, a duct by Mr. and Mrs. F. H. Lacy and numbers by the Alliance colored quintet, of which Mr. Lacy is a member.

Following the sermon, a score of persons in the audience went forward in response to Rev. Erickson's altar call and confessed Jesus as the ruler of their lives, and were healed of their ills. In the testimonials, one man stated that he had his sight restored to him through the evangelist's prayer to Jesus. At the service tonight, Rev. Erickson will preach on the subject, "Can God Make a Success Of Us Now?"

At what age is a man in his prime?

Many a young man old before his time

EVERYBODY will tell you something different. Some people are past their prime by the time they're forty. A few never know what it's like to feel in their prime. And then you talk to some hale and hearty man of 65, and he'll tell you he's been in his prime as long as he can remember.

"I'm still in my prime," he'll declare. "What's more, I expect to be for some years to come. I may not chase around quite as much as I used to. But I keep myself in first-class shape, just the same—thanks to Nujol. Nujol is the habit of a life-time with me.

"It's all a matter of how well you feel. And that's largely a matter of keeping your system in good working order. Living by regular schedule.

"Nujol helps things function like clockwork. Makes everything normal and regular, just as Nature intends it to be. Nujol is not a medicine. It contains absolutely no medicine or drugs. So it can't possibly upset or disagree with anybody.

"It's just a pure *natural* substance. It not only keeps an excess of body poisons from forming (we all have them), but aids in their removal.

"It's these poisons that sap your health and energy, slow you up, make you old before your time."

Years don't count

The same thing holds true for women, too. They need a natural aid like Nujol just as much, if not more than men. For there are so many physical conditions they have to go through that throw them off balance—upset their normal schedule.

Start the Nujol habit now — no matter whether you're only 20, or whether you're getting on in years. Buy a bottle today. You'll find Nujol at all drugstores. Perfected by the famous Nujol Laboratories, 26 Broadway, New York. Sold only in sealed packages, never in bulk.

Keep up the treatment for the next three months—faithfully—and you'll never want to go back to just trusting to luck again.

Highway Department Plans Drive Against Hitch-Hikers

(From News Bureau)
(State Capital)

HARRISBURG, Oct. 24.—Hitch hikers are in for slim picking in Pennsylvania if the highway department has its way. The next session of the legislature probably will be asked by the department to place restrictions on soliciting rides along the highways of the state.

At present the highway department is without authority to place any curb on persons soliciting free rides from motorists. The custom, which had its inception among college students hiking to football games, will be a thing of the past if the legislature concurs in the department's wish.

The department, it is understood, favors the passing of a law that would make it unlawful to stand on the highway and solicit rides from the operators of private vehicles.

Companies with investments in bus companies, trolley lines and even railroads will not fight any legislation of that nature if introduced. Railroad companies especially are complaining to the public service commission about the loss of revenue on small lines. Almost every application for the establishment of a bus line brings an opposition from the steam and electric carriers. The trolley lines and railroads claim that passenger cars are causing declines in their income from passenger traffic.

The practice of hitch hiking has grown considerably in Pennsylvania in recent years. At first college students in following the football teams of their schools resorted to this form of transportation in the fall. Now the practice has been extended to all seasons of the year.

Hitch hiking between Harrisburg and Carlisle, for instance, has been developed to the Nth degree. Located at Carlisle is Dickinson college and an army post. Early in the evening the roads at Carlisle are lined with men and boys asking for free rides to Harrisburg. Later at night they are hoping to get back without paying any fare.

New Castle High Hopes To Defeat Washington

Need Victory To Remain In League Select

Coach Bridenbaugh Drills New Castle Team Hard For Feature Game

WASHINGTON HIGH LOOMS POWERFUL

By "BUGS" WALTHER

Whether or not New Castle High school football team remains in the select group of unbeaten W. P. I. A. L. teams rests with the outcome of the game to be played with Washington High at Washington, Pa., on Saturday afternoon.

Both New Castle and Washington are undefeated in league competition this year, and they both have an anxious eye cast at the Syracuse trophy cup this year.

Look for Battle

The game scheduled for the Washington field this week-end shapes up as the biggest of the year for the locals. The eyes of the scholastic sport world of western Pennsylvania will be focused on the New Castle-Washington battle. Both have admittedly fine elevens, worthy of recognition.

The edge in scoring so far this year goes to the New Castle team, with 172 points in five games played. Washington has only played four games and has a total of 105 points. New Castle has been scored on three times this year, for a total of 19 points. Washington High has but three points against them.

Locals Work Hard

Coach Philip H. Bridenbaugh gave the New Castle team a lengthy workout on Tuesday night at Franklin field and appeared satisfied that the red and black team would hold their own with the strong Washington team. The forward pass is going to play an important part in the game for Saturday. Both teams have a clever forward passing system.

With Sillman in shape again, and Harper rarin' to tear the Washington line apart, the locals are in good condition. The locals realize that a lot depends on what they accomplish this Saturday, and they are going through their paces with determination.

Three Tough Foes

Three tough W. P. I. A. L. opponents stand between New Castle and the league title this year. Washington, Greensburg and Beaver Falls. Of this group the Washington team is figured to give the Lawrence countians the stiffest engagement.

Coach Hank Day is grooming his "Little Presidents" for a victory over New Castle. Last year at Franklin field Coach Day watched the powerful New Castle team romp off with a 39 to 6 victory over his charges, and he had no abili for the setback. Coach Day took his defeat last season like a man, but declared that 1928 was another year and he would have his team on edge to seek revenge.

THE MEADOWLARKS "OUCH!" BY CHUCK WELLS

Davies And Johnny McCoy Meet Here

McCoy Is Credited With Having Won Decision Over Willie

CHET SMALLWOOD TO BOX AL ST. JOHN

By ED. FRITZ

Hold your patience, ladies and gentlemen, two spectacular flyweights are coming to town. Yes, sir and ma'am, they're going to dash, smash and crash at Jolly Bowl, and when our colleague, "Bugs" Walther, arises to announce next Monday night, he'll introduce none other than Wee Willie Davies, marvelous Welshman, versus Johnny McCoy, an effervescent Irishman.

Davies has not appeared here since he outpointed the hard-hitting Ernie Peters, and McCoy has yet to make his "howdy". However, Johnny's fame has preceded him, as he is the flyweight who won from Davies in the Hollywood tournament, something which doesn't set well with Willie.

It appears that when Fidel La Barba reckoned that having won a ring title the next thing in order should be a college diploma, fight promoters hit on the idea that a tournament to discover his successor would not be so bad. They arranged the tournament and Wee Willie rode the "cushions" for several days, finally disembarked at Hollywood, but when he was through fightin' this Irish lad Referee Clark had given McCoy the decision. This put Willie out of the titular running.

CLAIM VERDICT NOT JUSTIFIABLE

To be frank about it, we have read some clippings from the golden slope and two of the sport editors declare the verdict undeserved. All of this may be all right, but it is not soothing to Willie and he declared a month ago to Sir Bill Jolly, the fistic impressario, that: "I'd like to fight that McCoy again and in view of New Castle fans." Seeing a great fight looming Sir Bill finally succeeded in mating the "mighty atoms". So, on next Monday night, the dashin', smashin' prancin' flyweights will cavort.

Whizz-zz! ZZZ-zz! Swish!

They're fast. They can box. And tricks, they're chockful of 'em, according to what we have seen and heard. McCoy has not yet bowed to a local audience, but he has to a great many audiences and having won one award from the Welshman, he will be all "prepped" for the engagement.

FLYWEIGHTS SHOULD PROVE SPECTACULAR

Davies isn't a powerful puncher but he hits so fast that his punches have at least blinded many lethal tossers. Take for instance Cavelli, slow but deadly; Allano, a long left and dangerous right; Carpentero, a fast, tearing-in, hard socker, and Peters, a kid who keeps pegging away. Davies beat 'em all and on the ropes made them all look silly.

Can he do it to McCoy? There's the rub, ladies and gentlemen. Next Monday night will tell the tale. A fight is never over until Signor Peter Capitola drives his hammer against the bell. It ought to be a whale for action, and on account of the rivalry each will strive his utmost to win. There'll be no loafing Monday night.

SMALLWOOD TO BOX NEWCOMER

While Wee Willie and Irish John will be the principals, there's another brace that should furnish an incentive for fandom's notice, namely Chet Smallwood versus Al St. John Smallwood, a blonde, southpawed Frankie Moran to a frazzle two fights ago, but Al, a new arrival from Buffalo, believes he can beat Chet.

In fact, Al is cocky enough to believe he can beat Joey Goodman and when the match was made said to Bill Jolly: "If I knock him out will you let me fight Goodman?" Bill smiled that quaint way of his and declared: "If you can beat Smallwood you will not have to look for fistic work hereabouts", which was putting truth mildly.

FIRPO CRIES AFTER HIS BATTLE HERE

Young Firpo, conqueror of scores of welterweights and middleweights, broke down and sobbed like a baby following his fight with Young Saylor here Monday night. He did not cry because Saylor had hurt him, but sobbed because some fans have "panned" him unmercifully every time he has fought here.

"What have I ever done to receive such treatment? Have I not given my best to the fans?" he asked. "I have never backed away, never took a step in retreat. I have won some bouts, but that is the fortune of the ring. Boxing is hard enough without being panned. If I had done

Allegheny Enlarges Athletic Field For Game With Grovers

One Thousand Additional Seats Erected At Meadville Field Is Report

MEADVILLE, Pa., Oct. 24.—Work has been started at Montgomery field to provide one thousand additional seats, which will be available for the Grove City football game here Saturday, October 27. In addition to the Grove City game being the most important game of the season, the day it will be played, has been designated as homecoming day for the Alumni and friends of the college. The interest in this important annual event is unusually great this year because Grove City is Alleghenys opponent. The Blue and Gold, and the Crimson have been rivals on the gridiron for almost two score years and their annual contests have been considered by the people of the district as the real football classic of the year.

Large crowds have always attended Allegheny-Grove City games but this year with both schools represented by exceptionally strong tams that appear to be evenly matched, all records for attendance will be broken. The people of Meadville are not only attending the home games but enthused by the showing of Alleghenys big Gold team, they are accompanying the team on their trips away from home.

College Harriers Had Stimulus To Beat Grove City

Former Westminster Cross Country Ace, Wrote Letter To Team

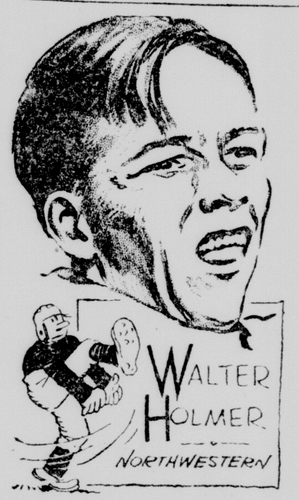

(Special To The News)

NEW WILMINGTON, Pa., Oct. 24.—Westminster's cross country team had an added stimulus to win the Grove City meet, it became known here today.

Just before the men left the Grover gymnasium, Coach R. X. Graham read a letter from Orvil Mirtz, last years distance ace who is now a student at Princeton Theological Seminary. Mirtz reminded the men of the victory over Grove City in track last spring, and pointed out that the Crimson could be defeated again.

Mirtz himself scored 15 points against Grove City in last years track meet. He is now training with the Princeton harrier team merely to keep in good physical condition.

GRID CAPTAINS

Walter Holmer, captain of Northwestern, was voted the leadership of the Wildcats largely due to his splendid work in the backfield last season.

Holmer is a good ball carrier and a powerful kicker, his punting having featured Northwestern grid games.

Traders To Clash With Bessemer On Saturday Afternoon

Coach Brown Drills Team For Game With Strong Bessemer Eleven

The New Castle Trade school football team will play Bessemer High at Franklin field on Saturday afternoon it was announced today.

The Bessemer High team will be a real test for the local Traders as the Winters coached eleven is causing a flurry among the Class B schools of the county.

On Tuesday afternoon Coach Brown sent the team through a long signal drill and wound up practice by giving the players a little attention with tackling dummy.

Boyd the big fullback of the Traders who was injured in the Union High game has recovered and will likely be back in the lineup against Bessemer.

Point-Scoring System Explained By Gardner For Benefit Of Fans

Football Fans Little Bit Puzzled By Championship Award This Year

New Castle Schedule For 1928 Contains Five Class A League Teams

Faculty Manager Ralph H. Gardner of New Castle senior high school today sought to clarify to the football populace of New Castle the W. P. I. A. L. point-scoring system now in use by the committee in determining the championships.

Numerous inquiries have reached Gardner and The News in regard to just what this point system means, and how they decide the ultimate winner at the end of the season.

The W. P. I. A. L. has been divided into two separate groups, class A school and class B schools. New Castle is a class A school. The division was made according to school enrollment.

Trophy awards will be made at the end of the present year to the winners of both classes.

Gardner, one of the principals in drafting the point scoring system, had the following to say in a letter received at The News today:

Charles "Bugs" Walther,
Assistant Sports Editor,
New Castle News.

Dear Sir:—

First: Any high school to be awarded the championship must play at least five games with schools of its own class and of course may play more.

Second: The result of games played by any school with any school not in the league or with any school not its class will have no bearing toward determining the championship in either class.

Third: The school having the highest point average shall be declared the winner in its class. The point average of a school shall be determined as follows:

For each game that a team wins from a team in its class that team shall be awarded 100 points; for each game that is won by the defeated team from some other team of its class, the first team shall be awarded ten points. (It makes no difference whether the defeated team wins games from other teams of its class before or after it has been defeated by the first team.

Any tie games of the defeated team with other teams of its class either before or after its defeat by the first team shall give to the first team five points. A tie game between the two original teams shall give 50 points to each team instead of 100 points to the winner and games won by either of these two teams from other teams of their class shall give the other of these teams five points. The total number of points thus won shall be computed at the close of the season and this total will be divided by the number of games which that particular team has played with teams of its own class.

For example: New Castle defeated Bellevue, a class A team, which gave New Castle 100 points, and Bellevue subsequently defeated Dormont, another class A team, which gave New Castle an additional ten points. On November 17, New Castle will play Beaver Falls, and should they win this game they will secure 100 points from Beaver Falls and also 30 points additional by virtue of the fact that Beaver Falls has already defeated Aliquippa, Monaca and Eliwood City, all class A teams. Beaver Falls will subsequently play Rochester, Butler and Jeannette, three other class A teams and should Beaver Falls defeat these three teams New Castle would secure an additional 30 points.

Other class A teams whom New Castle play are Westinghouse high school of Pittsburgh, Washington high school and Greensburg high school. Were New Castle to win all of these five games they would secure 500 points for the five games, ten points from Bellevue, 30 points from Beaver Falls and ten points for each additional games won by any of these five teams. These total points divided by five would give New Castle's point average for the season upon which the championship is determined.

Very truly yours,
RALPH H. GARDNER.

SPEAKING OF TIES

When Fordham beat Holy Cross the other day the New York school tied up its series with its northern rival. Each school has won eight of their 17 contests. The odd game was a 7-7 tie, in 1926.

Orange Favored To Win Victory From Penn State

Many Students Will Make Pilgrimage To Penn State Homecoming Game

SYRACUSE, N. Y., Oct. 24.—An Orange eleven still smarting from the 9 to 6 defeat administered to them last year by the Pennsylvania State College warriors, will leave here today for State College where they will participate in the annual Penn State homecoming game. This will be the seventh game played between the two schools since football relations were started six of which ended in victories for Syracuse.

By dint of superior playing, the Orange is expected to defeat Penn State quite handily in Saturday's struggle, but the game as ever, is one of the major ones on Syracuse's schedule.

Syracuse enters the fray with three victories and one defeat, the Nebraska game being the only set back of the season. A large delegation of Syracuse followers plan to accompany the team to Penn State. Members of the student body will stage an automobile pilgrimage, and many more will travel with the team.

ST. VITUS TEAM TO PLAY AT BUTLER

The St. Vitus school football team will journey to Butler next Monday afternoon to meet the Butler Bulldogs. The game is scheduled for 1:30 o'clock.

The local team has met with very good success so far this year and they hope to add the Bulldogs to their string of victories.

Geneva Prepares To Battle "Dukes"

Coach Flenniken Drills Geneva For Struggle With Duquesne Team

BEAVER FALLS, Oct. 23.—Geneva's hard at work preparing for the Duquesne game which will be staged at Beaver Falls next Saturday. The Covenanters scored a brilliant victory over Thiel on Saturday and came through this unusually rough game with no major injuries. Coach Flenniken was particularly pleased with the ease that Geneva's secondary handled Thiel's vaunted aerial attack. But one Thiel pass was completed for a n appreciable gain and seven were easily intercepted. Geneva worked their passes at will. As the air route seems to be Duquene's best medium for touch downs, the coaches hope the defense will be as effective next Saturday.

Duquesne's great victory over W. and J. makes this game the most important home game of the year. Bleachers are being erected to supplement the capacity of the regular stands at Reeves' Field. Duquesne rooters are coming to Beaver Falls in a special train carrying 1500 and will be accompanied by a band. Some hectic cheering is anticipated Geneva does not intend to surrender the Conference crown without a bitter struggle.

Church Athletes To Meet Thursday

The New Castle church league athletes will hold an important baseball and bowling session at the Y. M. C. A. on Thursday night at 8 o'clock. Announcement to this effect was made today by Walter E. Kirker.

It is hoped that all churches of the city will send representatives to the meeting, as plans for the coming bowling season will be discussed. All unfinished business of the baseball league will be taken care of.

Pitt Team Trains Hard For Battle With Tech Eleven

Pitt Realizes That Tech Will Be Hard Foe To Beat On Saturday

PITTSBURGH, Oct. 24.—Pitt's fighting football eleven which has tasted defeat is training for the hardest game of the season. Saturday, in the Pitt stadium they stack up against the greatest Carnegie Tech team in the history of the Tartan school for the city football championship.

Pitt-Carnegie tussles, which send not only twenty-two inspired gridders into battle, but also stir up some 20,000 rival students to the keenest rivalry of the season, date back to 1906. Since the first battle, Pitt has won 11 out of 14 games Carnegie taking the other three contests. Last year, Pitt humbled the Tartans, 23 to 7, but the year preceding Carnegie came through with a 14 to 0 victory.

Cernegie invades the stadium Saturday with a brilliant array of gridders. Coach Wally Steffen has one of the strongest scoring backfields in the country. Captain Harpster, Moorehead, Eyth, and Letzelter have ripped the Westminster, Thiel, and Ashland lines to shreads. In Williams, Parkinson, Uansa, Rooney and Edwards, Pitt has a powerful backfield that has run wild against Thiel and Bethany. The impending clash promises a sensational free scoring battle.

TICKETS ON SALE FOR SPECIAL TRAIN

Tickets for the special train to Washington on Saturday have been placed on sale at the Sporting Goods Store and they are selling fast said Eddie Connery today.

The special will leave New Castle at 10 o'clock and reach Washington at 12:30 o'clock. Tickets can also be purchased at the Pennsylvania railroad station.

SORDS POINTS

Palefaces Trembles As This Indian Gridder Goes On Warpath

Though not exactly overconfident, supporters of the University of Iowa's football team are expecting great things this fall. Not since the days of Locke and Devine have the westerners been able to be as outspoken as regards Big Ten laurels as they now are.

Outstanding among the players of the team is Mayes McLain the Cherokee Indian fullback, who is expected to play such havoc in the Western conference this year. McLain, it will be remembered, set a national scoring record while playing with the Haskell Institute in 1926. He rolled up 253 points in 13 games that year.

He's a big fellow, weighing around 220 pounds and standing 6 feet 2 inches in height. Line smashing is his specialty, and when he hits, there is usually a gap left. Against Chicago, Mayes swept the lighter Maroon team off its feet, leading the Hawkeyes' attack in their first victory over a Chicago team since 1900.

The big Indian is being well press agented, but he appears fully capable of living up to all of the ballyhoo.

Plan To Enlarge Yankee Stadium

(International News Service)

NEW YORK, Oct. 24—Colonel Jacob Ruppert, owner of the New York Yankees, may have the wooden bleachers at Yankee stadium replaced by a double-decked concrete grandstand so that the stadium's capacity for a football game will be increased to 125,000. The present seating capacity of the stadium for baseball is 72,000 and there is standing room for an additional 10,000 persons.

Nine Yankees Due To Leave

Nine Members Of Yankee Team Of 1928 To Pass On To New Fields

UHLE-RUFFING TO BE SOUGHT

By DAVIS J. WALSH
Sports Editor International News Service

NEW YORK, Oct. 24—Nine members of the world's champion New York Yankees are understood to have been placed on the open counter today as a preliminary gesture in the negotiation of two or more trades of considerable magnitude. Definite announcement of the fate of those in question naturally has been withheld but the understanding is that Miller Huggins' departure for the south this week has brought the matter to a head.

Those who will be offered for trade or sale are Pat Collins and John Grabowski, catchers; Joe Dugan, Mike Gazella and Gene Robertson, infielders; Ben Paschal or Cedric Durst and possibly Bob Meusel, outfielders, and Bill Ryan and Myles Thomas, pitchers. Huggins is declared to have compiled the list of victims in his final conference with club officials and they say he has spoken for "going the limit" with the job lot in order to get Charley Ruffing from the Boston Red Sox.

The other man he wants is George Uhle of the Cleveland Indians, and is quoted as saying that he expects to get George "for very little." That no doubt will interest the Indians strangely. It will be their first intimation that their lack of interest in George as a daily companion should apply equally to George's departure. The Ruffing transaction is understood to have been discussed informally before the close of the 1928 season, although they named no Yankee names at the time. Confidentially, Huggins has declared that he will include Meusel in the proposed deal but only in the event that the Red Sox become adamant, which is a way people get when they think they can't go wrong. If Meusel goes, of course many of those named will stay but not with the Yankees. They are definitely due to play their baseball elsewhere next year.

As I understand it, the only Yankee regulars who will hold over for the 1929 season are Ruth, Gehrig, Combs, Hoyt, Pennock, Pipgras, Zachary, Lazzeri, Koenig, Durocher and Bengough. Moore, of course, stays on the payroll because, if he is due for a come-back, the Yankees want him and, if he isn't, nobody does. Koenig is the present selection for third base with Durocher at shortstop and Lary and Reese, the $150,000 coast pair, distinct possibilities for two of the four infield positions. Julian Wera, out to grass several times, is believed to be ready, too. Therefore, Huggins thinks himself justified in cutting loose from Dugan, Gazella and Robertson.

If Meusel departs, Sam Byrd is the generally accepted candidate for left field, with either Durst or Paschal to be recalled from the trading block for the emergency.

What emergency? Wilmerding, you have me there. The only one I can think of is that the Yankees may lose a ball game in the world series one of these days.

HOCKEY HOLDOUT

They have holdouts in professional hockey as well as in the diamond sport. Frank Boucher, star of the New York Rangers, is said to be at loggerheads with the club over his contract.

THEY'RE EVEN

Nebraska and Syracuse have split the football tussles between them. Each school has scored three victories.

When a man talks much about saving the party, the method he has in mind consists in applying a hatchet to the party's head.

That Flash—French'

By Feg Murray

Metropolitan Newspaper Service

Harvard seems to be in for better things this year, in a gridiron way. One reason is that Arthur French, captain of the 1928 varsity, is quite a football player, and he is ably aided and abetted by such young stalwarts as Gilligan, Harper and Guarnaccia—who are other reasons. Then, Harvard has incorporated the forward pass into its attack as an offensive weapon this season for the first time, and, what is more, knows how to use it. Also, the team is showing quite an aggressive spirit.

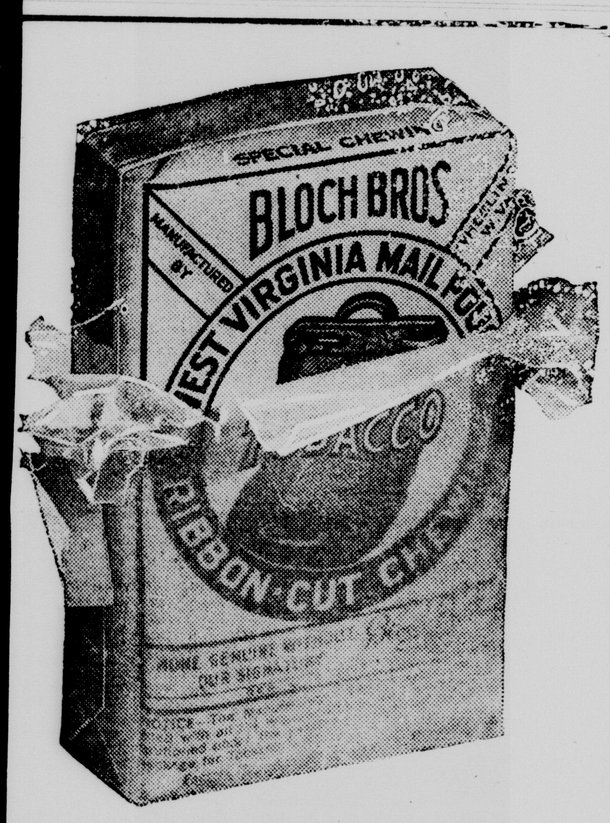

But to get back to Arthur French, who is a sprinter and broad-jumper of no mean ability in the spring time. As captain of the Harvard team this year he is playing a game plenty good enough to inspire his men to greater deeds themselves. Against North Carolina he was brilliant, and his playing in every department of the game marked him as one of the best triple-threat men in the east. From the time he caught the opening kickoff on his own goal line and ran it back 40 yards, he was consistently good, and his hard running off tackle, around the ends and through center was almost unstoppable. He also passed and kicked well.

Other sprinters have succeeded on the gridiron before French: Roland Locke of Nebraska, Bowman and Barbuti of Syracuse, Craig of Michigan and so forth, but unlike most track men who take up football the Harvard captain does not slow up when he is about to be tackled. He is the football player first and the runner afterwards, and so does not unconsciously try to protect his legs.

Feg Murray Says—

After some delay, a forward pass, von Hindenburg to Coolidge, was complete. Yes, we mean the Zep.

Westminster Grid Team Is Bruised

Seven Regulars Have Minor Hurts; Unable To Get Workouts

(Special To The News)

NEW WILMINGTON, Pa., Oct. 24.—With no less than seven regulars cut and bruised about the face after the rough Grove City encounter of Saturday, Coach "Dike" Beede has been unable to give the Westminster grid squad a hard workout for the Thiel game to be played as the feature of homecoming here Saturday.

Stories to the effect that the Thiel outfit is crippled are no more true than those emanating from the Westminster camp. Sweet, Forsha, Dible, Havrilla, Fuller, Dombrowski, and Furno are sporting black eyes, lacerations of the face, and are in poor physical condition generally as a result of Saturday's game.

With the teams as they stand now, almost anything can be expected. It is true that Westminster fans were pleased with the showing of the team against Grove City and that they hope the United Presbyterians break into the winning column against the Lutherans. If this is accomplished, the clever forward-passing attack of the Thiel crew will have to be stopped and Beede's outfit will have to make good every "break" of the game.

Last year the United Presbyterians defeated the Lutherans by a 25-12 score at Greenville. Captain Stan Berkman and his mates will journey to New Wilmington on Saturday to avenge this defeat if possible.

FANS HERE LIKE JOEY GOODMAN

New Castle fight fans have fallen in love with Joey Goodman, the Hebrew junior lightweight from Norfolk, Va., now under the banner of Jimmie Dunn. He was discovered by Paddy Mylott, former local citizen, now of Norfolk, and he accomplished something which will attract notice when he stopped Jack McFarland.

Before the fight few fans would have believed that Joey could stop McFarland, who has fought most of the good boys hereabouts, but he turned the trick handily. He boxed nicely in the first and in the second caught the Pittsburgher flush on the jaw and he went down, to get up, go down and get up again and be tumbled for "ten".

SOMETHING ABOUT FEMININE FANDOM

Apparently the female of the species likes action more than the male. "Kick him!" "Knock him out!" and "the only way you can win is by a foul!" were a few of the exclamatory utterances from women Monday night. Not all of them shouted and we did not see any of them shudder.

From the first to last bout there was action. Roy Itovino was covered with blood. We turned around and gazed at some of the fanettes and noticed they were keyed to a pitch of hysteria. Some hammered their fists on pocketbooks and others waved gleefully. Oh, well, when the blood runs riot anyone is apt to speak thoughts audibly.

There goes the bell! A lady squirms in her seat . . . she leans forward, then screams, no not from horror, but hysteria . . . a white-shirted vendor sells a package of peanuts to a visiting sporting editor . . . a fighter's second yells "Use your right!" His opponent hears the remark and grins and then blocks the blow.

PERSONAL REMARKS, PROFANITY BARRED

In the main the fans who journey to the bowl are fair-minded. Of course, they have their favorite and have a right to cheer. However, there are some fans who are not fair in remarks, and during the last few shows personal remarks of an abusive nature and profanity has been heard.

No one likes to hear personal abuse or profanity uttered. What a person would not do in their own home shoul dnot be done in Jolly Bowl. It is that sort of "stuff" that puts a black eye on boxing. It would not be a bad idea to cool some of these fans before this clique gains the mastery.

SPORTS DONE BROWN

By NORMAN E. BROWN
Sports Writer for Central Press and The New Castle News

Prominent football players, just like other athletes in the limelight, often tote odd nicknames, the origin of which is worthy of note in itself.

Bronko Nagurski, sensational fullback of the Minnesota Gophers, is the latest athlete with an odd moniker to break into print. He is known only as Bronko Nagurski.

When his "nickname" became generally known there was, of course, some curiosity as to how he got it. Probably had a hobby around home—wherever his home was—of riding unruly nags. Or earned the sobriquet galloping about the football field.

But none of these conjectures was correct. For the simple reason that Bronko is Nagurski's real honest to gosh given name. According to word from the Gopher campus Nagurski is of Bohemian decent and Bronko is a perfectly good Bohemian name.

And judging by Nagurski's early season form it is destined to take rank with "The Galloping Ghost" and other famous titles.

* * *

The other fellow's job looks the easiest.

Of that most everyone is convinced.

George Moriarty, major league umpire and rated as a first-class arbiter, must have been a bit tired of umpiring when he accepted, if he did not seek, the management of the Detroit Tigers. His years as a player with the Detroit club and then a long period of service as umpire gave him more than a passing knowledge of baseball. He probably was aware, also, of the business ramifications connected with the assembling and the holding of a team.

He had the acquaintance of many men in baseball with whom he would be thrown in direct contact as manager of a major league club. He no doubt felt that this would stand him in stead in revamping the Detroit club, ironing out the supposed lack of harmony, and aid in the eventual strengthening of the team.

What Moriarty apparently did not realize was that he personally might not be able to hurdle conditions which had handicapped Cobb and Jennings in their years—the inability to acquire competent players under the policy of the club. While Umps George's methods of handling his team on the field came under fire his failure to produce results at Detroit cannot be laid to this. The one deal which was put over by the Detroit club (regardless of the part Moriarty played in the negotiations) was of little value to the team. That was the trade of Heinie Manush for Harry Rice, with Pitcher Van Gilder tossed in by the Browns.

Moriarty also failed to hold the respect of Detroit fans. He seems to have failed to realize that the popularity he had enjoyed in Detroit as a star infielder would send him away to a flying start as pilot—but would not carry him over many rough spots.

In justice to Moriarty it must be said that he was not given a free reign in the purchase of new material. That goes for Ty Cobb, too. Personal friends and baseball acquaintances gave Cobb many opportunities to get "first crack" at promising players, but Cobb's efforts to land these came to naught when the club could not come to terms on prices.

N. Y. STOCKS

(International News Service)

NEW YORK, Oct. 24.—Spirited advances in the oil, steel and motor stocks in the early trading today kept the speculative pot boiling with little difficulty U. S. Steel Common Ran up 2 points to establish a new high price record above 166 Atlantic Refining reached new high ground at 224, and new advances of 1 to 5 points were scored by a number of the speculative favorites, including Radio, Kennecott Copper, and General Electric. The low-priced oils were active and strong, with Sinclair and Pan-American again in the lead.

Strength of the oil stocks was due to the surprising showing made by the prominent refiners and producers of oil in their recent statements.

Demand for United States Steel Common, at the highest prices on record poured into the big board from all quarters.

Certainty of a stock dividend for General Motors at the meeting of the directors next month is the important factor behind the continued demand for the stock above 220. Chrysler and Nash were also active and strong today.

St. Louis Southwestern led the rails, with a 5-point jump to 119¾. Union Carbide sold within a point of 200, and most of the high-priced mercantile shares moved upward moderately. The electrical manufacturing shares rose buoyantly in response to the rumors of gigantic combinations under contemplation affecting the well-known corporations.

Local U. P. Pastors Attend Presbytery

Meeting Takes Place In Raccoon Church, Beaver County On Tuesday

United Presbyterian ministers of this city, including Dr. A. J. Randles, Dr. S. E. Irvine, Rev. S. B. Copeland and Rev. C. J. Williamson, attended the fall meeting of Beaver Valley Presbytery, held Tuesday at the Racoon United Presbyterian church in Beaver county.

At this meeting Rev. Vincent Wright was released from the pastorate at Conway, Pa., to go to the Greenwich church in New York state. Rev. Edwin McClintock of New Wilmington was selected supply pastor at Portersville and Mountville U. P. churches.

The proposed union of the United Presbyterian church with the Southern Presbyterian church was not favored by the Presbytery.

Visitation evangelism was the theme of the discussion for the afternoon. Rev. John Simpson of the North Side Pittsburgh United Presbyterian church made the address of the day.

No Statement On Pottery Controversy

Meeting Of Employes And Management Being Held This Afternoon

No statement was made today by either the management or employes of the Shenango Pottery Company concerning the labor difficulty which prevails there at the present time. On Tuesday afternoon the members of local 54, the local chapter of the National Brotherhood of Operative Potters, met with the management of the pottery, and this afternoon a meeting of all employes with the management will make a comprehensive statement of their position in the difficulty.

DYED RACING DOG CAUSES ROW.

Following a gasoline bath of the winner of a greyhound race at Belfast, Ireland has one of the greatest sporting scandals in years. The Irish Coursing club has excluded Small York the winner and awarded the race to Roske Prowler and the management of the park has barred from the grounds all who were interested in the maskuerading dog. There were six starters in the sensational race. The betting was four to one on Small York in the belief that he had never run in public before. Heavy bets were placed on him. At the start the dog did not leave the box until the others had a good lead but he won by a dozen lengths. Bookmakers refused to pay bets and the race officials ordered the gasoline bath for the winner which went into the tank entirely black and emerged with a white tip to its tail and four white paws.

SPECIAL SPEAKER AT ST. ANDREW'S CHURCH

The Rev. George C. Grambs of Washington, D. C., will be at St. Andrew's church, East Long avenue with the Rev. W. J. Williams of Oil City for the regular services on Sunday, Ocober 28.

Rev. Grambs will preach and take part in both the morning and evening services.

He will be pleased to meet all members and friends of St. Andrew's parish at either service. The morn- service will be at 8 o'clock and the evening service at 7:30.

DOMESTIC AMENITIES

Hubby found some holes in his stockings. "You haven't mended these?" he said to his wife.

"Did you buy that coat you promised me?" she asked.

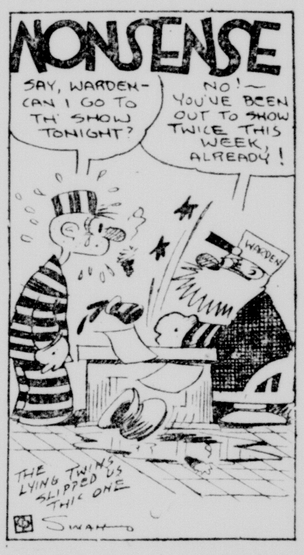

"N-no."

Damages Asked As Result Of Auto Accident

Ruby Heiderich, Aged Five, Suffers Broken Leg And Other Injuries

ACCIDENT HAPPENED ON ENON HIGHWAY

Ruby Heiderich, aged five years, by her father, Clarence F. Heiderich, and the latter in his own right, have filed a suit at the prothonotary's office for $900 damages as the result of an automobile accident on the New Castle-Enon road.

According to the statement of claim the little girl was at the intersection of another road, crossing the New Castle-Enon road about five miles north of Enon, when she was struck by a car driven by Peter Dasco of Columbiana county, O. The little girl was standing on the intersection of the road when the car of Dasco swerved and struck her. Her left leg was broken and her skull fractured at the base of the brain.

She asks for $500 and her father for $400. It is claimed that the car was being driven at a high rate of speed and in a careless manner.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

Forgy Knowles is home, ladies and gentlemen. Not only that but his wife is home also. Not that they were never away before, but this trip was different. Forgy had friend wife out on a second honeymoon but instead of going to Niagara Falls or New York or both, they went back to the scenes of Forgy's days as a soldier, down to Cuba.

The occasion was the annual reunion of the Spanish-American veterans and because it was just thirty years ago that it happened the boys thought they would go back and give the Cubans the once over. Who had a better right than the boys who gave them their freedom?

According to Knowles the trip was well worth every bit of the time and twice the money they spent. Not only Havana but all of Cuba is lovely, and there is little evidence of the battles they staged down there with the Spaniards.

Coming back up from Key West they stopped at Daytona Beach, Miami and on to Washington. And the Legion Home gang is now getting some interesting tales of Cuba and the Cuban styles.

This story happened when Governor Fisher was in town, but for various reasons has been saved. The central figure in the plot is George Chip, former middleweight champion of the world. Secondary figures so to speak are Governor Fisher, State Librarian Frederick A. Godcharles and Dennis Reeser of New Kensington, Pa.

"Denny" as he is affectionately called has a million friends over Pennsylvania and among them is George Chip. Following the close of the degree work at the Cathedral one evening, Mr. Reeser piloted the governor and the librarian down to a local confectionery store for a milk drink before going to bed.

As they were standing in the store, George came in, and Denny introduced him to the governor and the state librarian. Let George finish the tale.

"I shook hands with him," said he, "and then to my surprise the governor invited me to have a milk shake with the party. Of course I accepted. Say, what a real fellow he turned out to be."

Had a short chat with the Mayor of Croton Tuesday afternoon? What, you didn't know there was a mayor of Croton? As the French would say it, "ah, of a certainment monsieur." Now this mayor is not elected by any ballot, its an honorary title, but just as honorable as though a snowstorm of ballots had elected him.

The mayor's name is George Gibson and with him at the time I was in the court was his Minister of War, Tom Hinkson. The Minister of Statex, Bill Crowe is under the weather a bit but will be back on the job soon.

Mayor Gibson's domain extends from the Pennsylvania tracks which cross Croton avenue, clear to the city line, the northern boundary being the Neshannock river and the southern boundary is indefinite.

In the matters of police power, street cleaning and other such matters he yields to Mayor William H. Gillespie, but any arguments that are to be settled in Croton are not legal unless they are taken to Mayor Gibson's office.

There are honorary titles in this county you know. There's the King of New Bedford, Squire C. L. Zedaker, and just across the road, the Duke of New Bedford, Ab Genkinger, who in his earlier days was wont to give fifteen eggs for a dozen. And Hughey Hannon who is officially known as the Yodeler of Union Township.

NEW CASTLE DRY GOODS CO.

Shaner Reports Noted Trend Toward Hoover In Native Virginia

"Although we experienced some wonderful times while on our trip south we are certainly glad to be back in New Castle once more," said Carl L. Shaner, manager of Cascade Park, this morning, after having returned to this city last night with Mrs. Shaner from a three week's sojourn in his native state of Virginia.

In declaring that the trend toward Hoover and Curtis in Virginia and other near-by Democratic hot-beds is surprising, and that it appears as if his former southern domicile will be divided on the two candidates in the coming election, Shaner expressed great astonishment. "Hoover signs and badges can be seen throughout the different cities, although those of Smith and Robinson do claim the majority," continued the park manager.

"Nevertheless, Hoover signs are being displayed in what has previously been a solid Democratic section and where no Republican trend has ever been noticed before."

Mr. and Mrs. Shaner left the city for the motor trip around the first of October, taking the Lincoln highway route for a great distance of the way. Some time was spent enjoying the beautiful scenery of the Shenandoah valley and the cities in that section.

At Bedford City, Va., the two made a visit to the Elks' national home. The home is sponsored by the Elks' organization for their aged members. They also went to Richmond, the capital of the state, and enjoyed a prolonged stay there. At Appamattox, a visit was made to the monument which marks the place where Lee surrendered to General Grant.

The two made the three weeks' trip in their automobile and report fine weather most of the way. Their main reason for going south was to visit Mr. Shaner's relatives who reside in Lynchburg, the park official's home town. Most of their time was spent there, with side trips being made to Roanoke and other cities of that state.

Small Damage Done At Box Car Fire

Car Is Towed To Cherry Street Station, Where It is Put Out

One small can of chemical was all that was required to put out a fire which started in a box car owned by the Pennsylvania railroad at 12:55 this morning, according to a report made by Assistant Fire Chief Claire Stockman.

Officials of the railroad company telephoned the central fire department that they were bringing the car to the Cherry street station. When the car got there it was met by fire department number 7, and in a short time the blaze was extinguished. Damage is estimated at $10.

Permit Is Granted To Erect Church

J. Clyde Gilfillan today was granted a permit by the building bureau, city of New Castle for the construction of the First United Presbyterian church at the intersection of Albert street and Clenmore boulevard. According to the permit the building will represent a cost of $130,000.

Abandoned Car Is Owned In Cleveland

Nash coupe found abandoned on Croton avenue on October 17 by Officer Charles Longstreth, belongs to William Reed, 2348 East Fortieth street, Cleveland, O., it was learned today by the city police department. The car bore Ohio license 575-933. The owner was notified today and is coming to this city to secure the machine. It was stolen from in front of his home.

Fire Truck To Arrive Thursday

Councilman D. O. Davies, superintendent of the department of public safety, announced today that the new fire truck and engine to be placed in the central department would probably arrive Thursday. He said he had been advised the truck should reach here tomorrow. The apparatus was built by Peter Persch Company, Kenosha, Wis.

Kiwanians Hear Of Improvements At Westminster

Engineer In Charge Of College Buildings Cites New Developments

Members of the New Castle Kiwanis club were today told of the magnificent new equipment and of the various improvements in Westminster college buildings by M. H. White who acted as supervising construction engineer for the Robert Audley Browne hall for boys and who is at present supervising the erection of Old Main Memorial.

Mr. White gave facts concerning the college campus, stating that the campus proper is now 500 feet wide and about 1,100 feet long. The school's quadrangle is about 200 feet wide and approximately 800 feet in length. He gave the floor plans of both the boys dormitory and Old Main Memorial which is now in the course of construction.

Following his address the club passed upon a motion thanking Mr. White for his interesting talk.

CHILD HAS MEASLES.

Jane Vallely, 2, of 708 Allen street, has measles, according to a report at the city health bureau.

Advance Hallowe'en Stunts Must Stop

Chief Horner Announces That Arrests Will Be Made And Fines Assessed

Premature celebration of Hallowe'en, it was announced today by Chief of Police C. C. Horner, must cease at once, unless the boys and young men participating in the same, want to spend some money in fines or some time in jail.

The police are under instructions of the chief to make arrests wherever the Hallowe'en spirit has got beyond bounds and there is damage being done or sick or nervous people being annoyed.

There has been a necessity of answering numerous calls to the Grant street district recently. The police have always found the disturbers gone, when they arrived.

Last night, Officers Dukes and McKee were more successful capturing Esco Owens, a negro lad. This morning, he was assessed a fine of $10 with the alternative of working for the city during the next ten days. He is being used in cleaning up around the city building.

These calls are now being received from all parts of the city, from the time it gets dark until one and two o'clock in the morning.

Student Aviator Meets His Death

Student Flier At Windsor, Canada, Thrown From Plane On Nose Dive

(International News Service)

WINDSOR, Ont., Oct. 24.—Donald Strevett, 20, a student aviator, was thrown from an airplane when it nose dived 1,000 feet in the air today, and is believed to have been killed, and his instructor, Capt. R. H. Soundy, also thrown out, seized hold of the fuselage as he was falling, crawled back into his seat and landed the plane safely.

Neither of the men were using safety belts or wearing parachutes. Soundy told police Strevett was at the controls when the plane began to nose dive.
